Behind The Scenes!

As the 2011-2012 year came to a close, there was still much to do for the yearbook. With business ads to create and layouts to complete, we pushed forward, hoping to reach deadlines. This year was especially exciting for the yearbook staff because we switched to an online program through Jostens. It was a great change and allowed for more flexibility. With only three returning staff from last year, the room was filled with new faces on the first day of class. With much to learn and many decisions to make, we had a summer session to begin with the basic building blocks. The theme, "Being a Warrior is a Journey, Not a Destination" was selected, and we diligently began our work. Through rough times, disagreements and hard work, we finally made it to the end, completing the last layout. We hated to see the year end, but are excited for the new yearbook staff members and editors to step up and take our places. We wish the best of luck to next year's staff, editors and most importantly, Mrs. Kesterson. Hope you enjoy yearbook as much as we have!

Sour Patch Kids

Taking your first steps into high school is an old tradition for some and a new beginning for others. The 2010-2011 school year held many new expectations for the freshmen, and the upperclassmen came in ready to go.

The seniors began filling out college applications and scholarships. All seniors had to complete and present their mentorship projects.

The juniors kept fund-raising for the prom that would be held in May. They also started preparing for college by taking the ACT and SAT.

The sophomores just relaxed and did their work in class because they knew they weren't freshmen anymore. High school wasn't so overwhelming for them any longer.

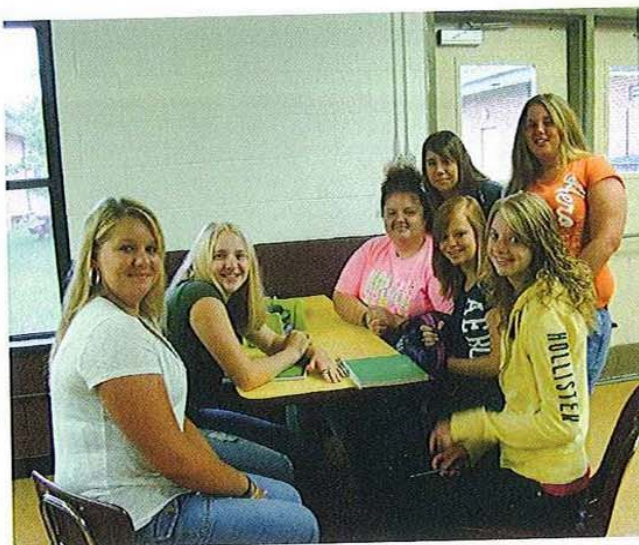

The freshmen came in with no idea about high school life and the rules. They participated in school activities; but, like always, they couldn't beat the upperclassmen.

Every student had a lot of responsibility on his or her shoulders; but, when it was all said and done, everyone made it through successfully.

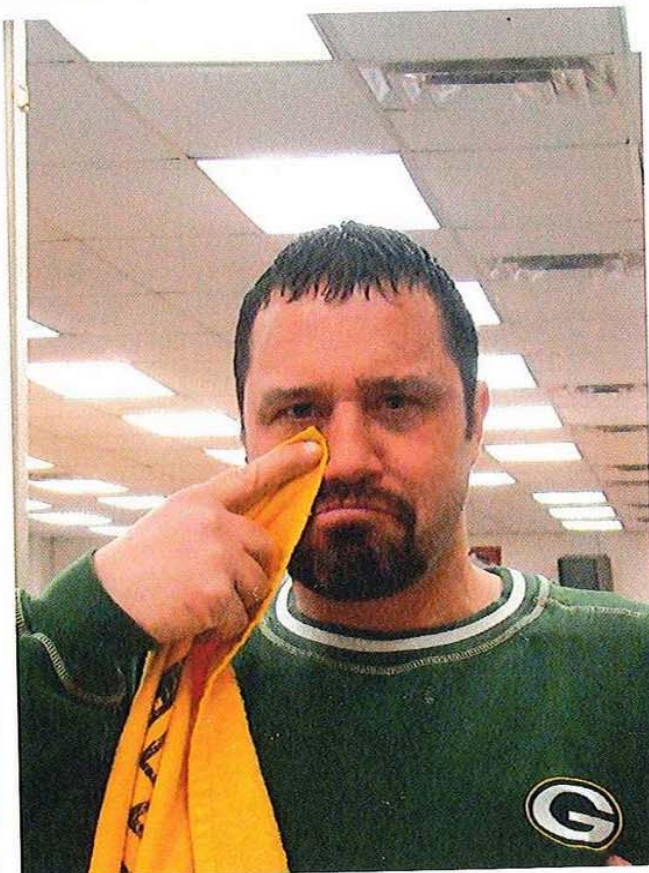

Cayla Brown and Chasten Taylor hang out in the hallway before class starts.

Summer Chestnut, Chloe Bland, Katie Weik, Tiffany Cassell, Millie Kinnison, Olivia Goslyn, and Trista Robinson enjoy lunch time.

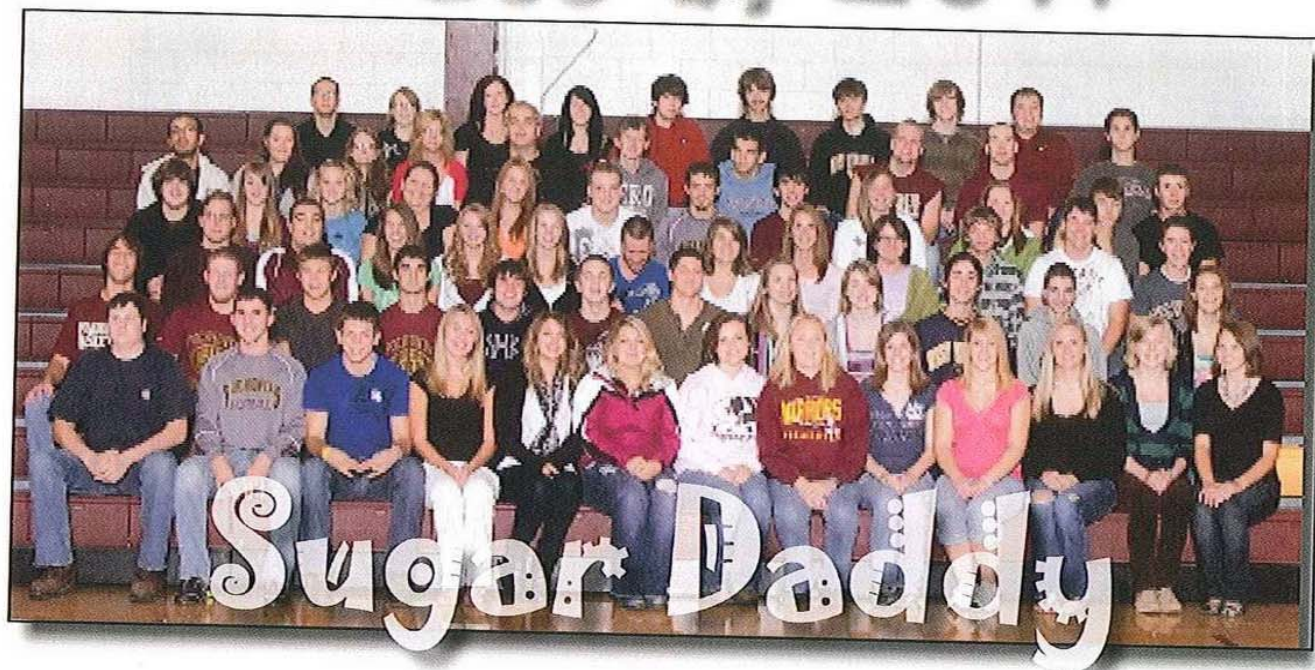

Josh Parrish and Gloria Jerome pretend to be secret agents.

Mr. Arbogast represents his favorite team, the Green Bay Packers, by crying tears of joy on a Steelers Terrible Towel.

school year couldn't have gotten there any faster for the 2011 seniors. They were excited and nervous about everything that came with this last year of high school. Their banquets, prom and graduation were what they thought it was all about. They soon realized it was much more than that. Between scholarships, college applications, sports, and the many other activities, some felt as if this was overwhelming. In the end, when they took that last walk across the stage, they thought back and realized it was all worth the hard work and dedication.

One step higher, the class of 2012 was bound with many responsibilities. All throughout the year, the juniors had to fundraise for the prom and think about their futures. They had to set up locations for their mentorship experience to do over the summer or the fall of their senior year. They needed to consider the future while taking the ACT or SAT test for scholarships to get into a good college and get financial assistance. They needed to keep their heads up and hopes high for senior year and graduation. Almost There! With Matt Jarrett moving away to Greenbrier East High School halfway through the school year, Summer Chestnut had the responsibility of being Class President. The class of 2012 had six sponsors: Mrs. Kolonay, Mr. Sutton, Ms. Curran, Mrs. Kesterson, Mrs. Rhea and Mr. Gibson. With great sponsors comes great responsibility.

The sophomore class, graduating class of 2013, started out the year feeling very confident in themselves. Happy to not be at the bottom of the peanut pile, they started new classes. Everyone knew exactly where to go and what to do. Also, they knew how everything worked. They were well on their way to getting out of high school. With three years left, they stayed positive and did all they could do to make the best out of their sophomore year. They took on great challenges and looked ahead, for they had only one more year to prom. They also took this year to decide their major of study and consider their classes for the coming years to make sure they got those certain classes they needed for those certain majors they chose. That way, in two years when time to graduate, they won't have to worry about getting those classes in. They also planned ahead for the Plan Test and WV Writing Assessment. Eventhough their year was busy, the students excelled and proved they could do most anything they set their minds to.

Every year new students make the transition between middle school and high school. This is what we call the freshman class. After many years, the freshman class of 2011 finally had the privilege of choosing their own classes, teachers, and fields. As always, they were excited and jittery, but with this enthusiasm came worries, nerves, and lots of stress. The freshmen were excited to finally get to participate in spirit week and the elf auction, and as the year went on everyone had decided they liked high school better than middle school. The spring semester came faster than anyone had expected, and even faster came the end of the year. The freshmen ended the year with a bittersweet feeling and with great memories and friends they would never forget.

Good & Plenty

Thomas Sanders
Principal

As the new year started in early August, the P.C.H.S. faculty and staff strived to their fullest to make sure they were doing their best for the students. During the 2010-2011 school year, the students were met by five new teachers: Teresa Mullen in family and consumer sciences, Leah Shinaberry in math, Jessica McLaughlin in educational support, Scott Garber in forestry, and Sammantha Bartley in agriculture. While the new teachers settled in, the others continued doing what they did best at P.C.H.S., "Preparing Students for Tomorrow's Challenges."

Academics

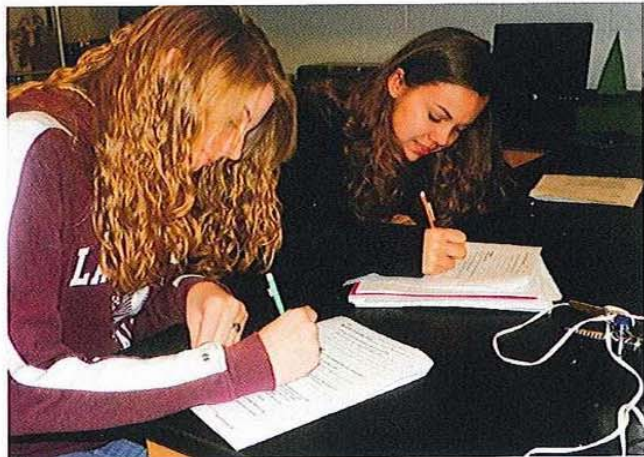

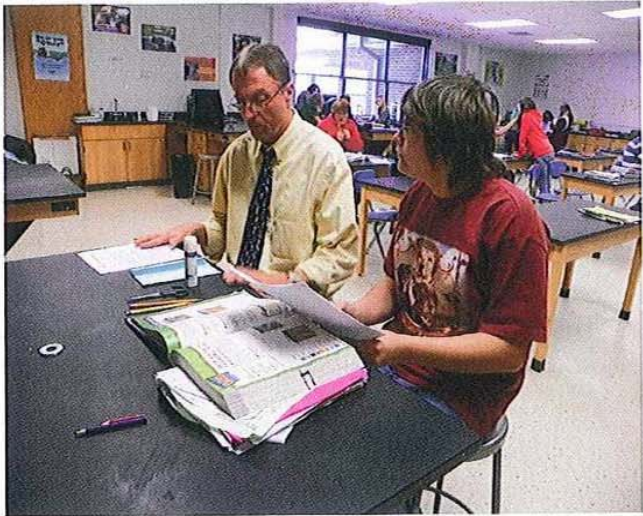

Smarties

The most important part of school in learning. Of course there is time for sports, but to graduate you must have those necessary classes. The seniors were required to have 28 credits to graduate. You must have 4 math, 4 science, 4 history, 4 English and 2 foreign language; so most of your time at school is really working and cramming your brains. You also have those classes where there is not so much work as there is play, such as physical education. Overall, though, you are learning new information to advance in the world of learning and education. When scheduling comes around, students need to choose classes wisely to shape into their majors. Academics, over everything else, is the main focus in high school, so students should try to excel in every way possible.

From reading novels, to writing essays, to watching plays, to doing book reports, to being involved in poetry out loud, to performing skits; what a year for language arts we've had! Our year for language arts would have been nothing too; if it wasn't for our great teachers: Mrs. VanReenan, Ms. Boothe and Mr. Sheets. They took their jobs very seriously to make sure all students had the same opportunities to learn where our writing came from, where our language came from, or simply just how our reading and language has developed over the centuries. They indeed had a very big schedule to fit in, and with the snowdays it made it a little difficult; but with the students working diligently they covered everything in their curricula.

Mrs. Kathy White knows that there is more than one way to skin a cat.

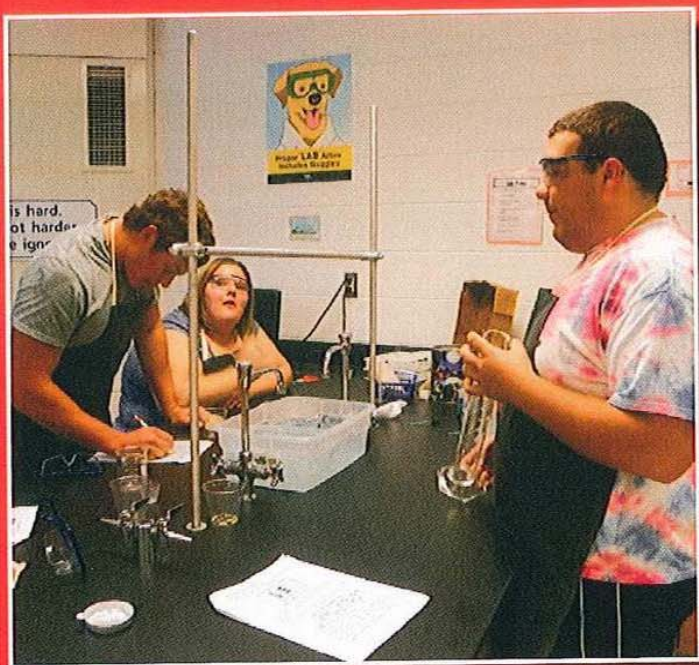

Mrs. Mary Sue Burns is missing the Galapagos Islands.

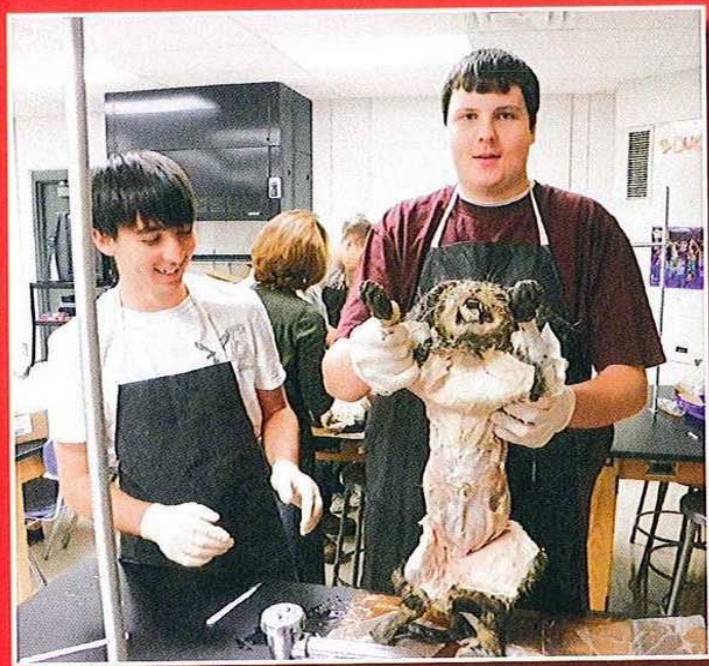

Last year's science classes were as interesting and fun as the previous year's. Mrs. Burns, Mrs. White, and Mrs. Weimer show their students the fun of science. They always have a lot of fun by doing labs with their students. In Anatomy, the students got to dissect cats, which is always fun and smelly. They also did many other labs that helped them understand the human body. In Chemistry, the students did many interesting labs that allowed them to understand the concepts of chemistry more clearly. Also AP Biology and Biology gave the students a chance to understand the production of cells and reproduction. In Physical Science, the freshmen learned the concepts of science completely before getting to higher levels. The science department had a successful year by showing the fun of science to students and by allowing them to learn hands-on.

Kelsea Curry and Kelly Hendrick work together to get their cat skinned for dissection.

Mr. Sutton is taking a break.

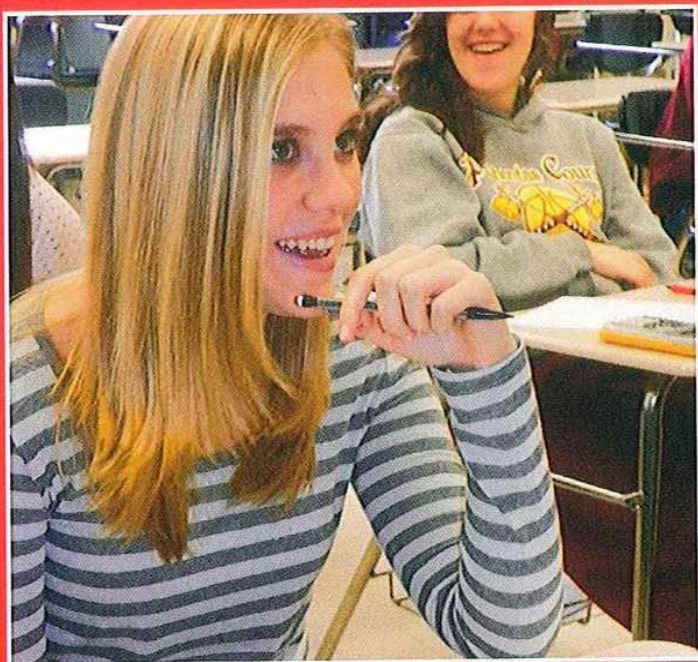

Mrs. Shinaberry is wearing a sombrero for her birthday!

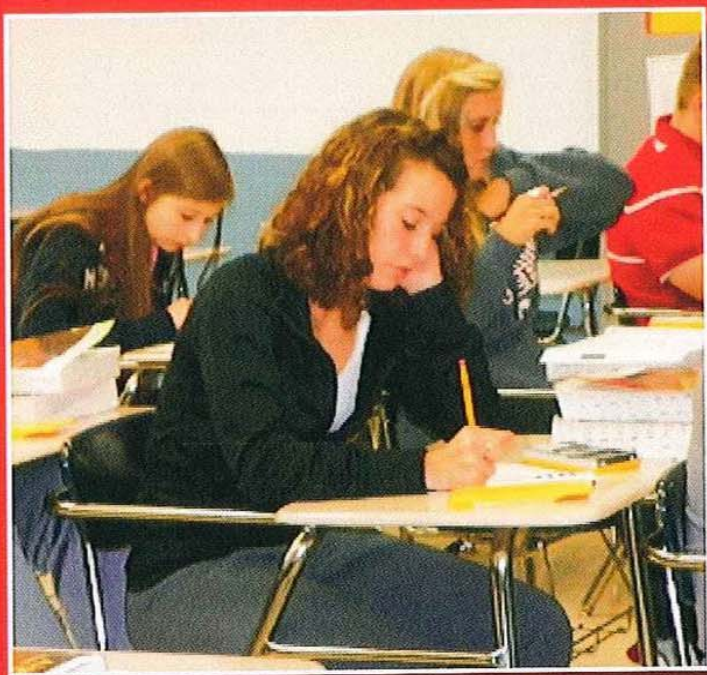

Mathematics is probably one of the most mind-challenging subjects to the P.C.H.S students. With wonderful teachers, our students seem to overpower this subject. With our new teacher joining us this year, Mrs. Shinaberry, the students were introduced to yet another source of learning and a different way of doing things. Mr. Sutton, Mrs. Shinaberry, and Mrs. Rhea worked very hard to push their students to do the very best and pass their classes with the very best grade they could achieve. With the fact that each student needs to have 4 math credits to graduate, they worked very hard.

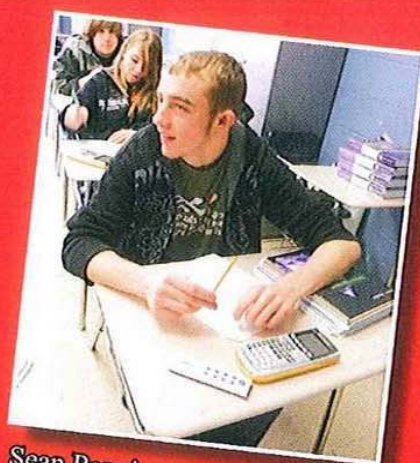

Lucas Fuller enjoys his Geometry class.

Mrs. Martin tells her students what to do.

Mr. Anderson works on his computer while his students work in groups.

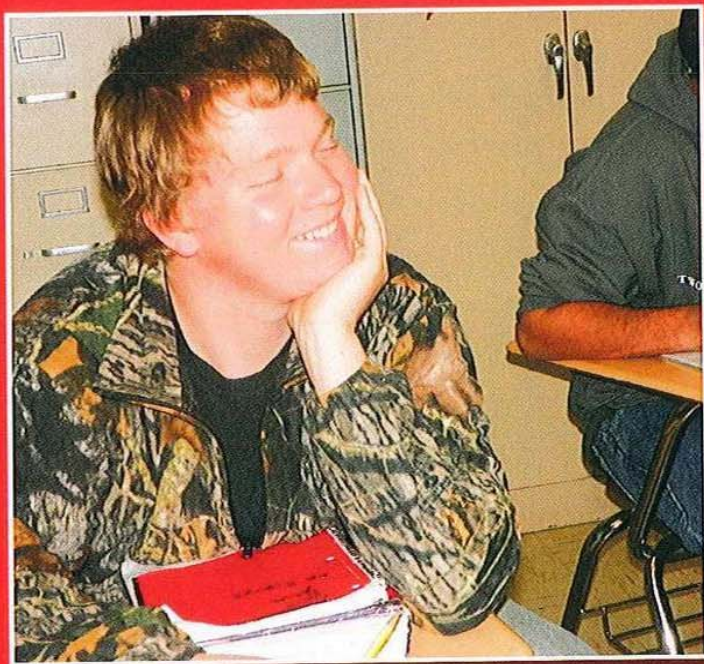

Social Studies is but a visit into the past. As this year's students began social studies, they had high expectations from their teachers to teach them more than they already knew. They took place in county and state social studies fairs. They took a well-needed field trip to Fort Warwick on Mr. Sheets's farm. Mrs. Martin, Mr. Taylor, and Mr. Anderson try to enhance their minds by making them do individual projects as well as groups. Mrs. Martin had her senior students participate in the stock market game to get them familiar with stock. Overall the teachers not only taught the students but taught themselves some things as well and they had a very successful year.

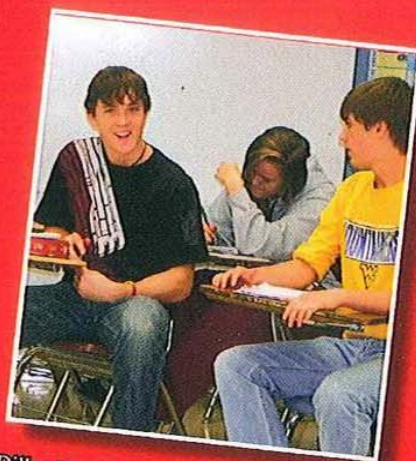

Karey Barb and Lilly Tracy stand proud by their social studies project on the Battle at Droop Mountain.

Last year's agriculture department was presented with a new teacher with big plans. Mrs. Bartley came right into the school year as if she had been here before. She taught her students how to weld, take care of plants and about animal reproduction. She also took FFA to higher levels. They took a field trip to the National Leadership Conference for the first time in many years, and they had a successful fruit sale. Mrs. Bartley was new, but everyone enjoyed her new experience and dedication towards teaching them all she could by broadening their horizons.

Health & Physical Education

Life Savers

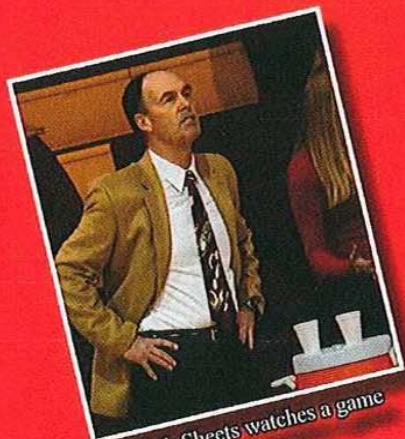

Mr. Mike Knisely is happy to be a teacher.

When you first walked through the halls of Pocahontas County High School, you heard many distinct sounds that rumbled through your ears, like the familiar sound of elephants walking through the forest or a lion roaring in the jungle. Yet the most familiar sounds you heard were the gym teachers, whether it was Coach Knisely yelling at his off task children or Coach Sheets blowing the whistle to get the attention of the class. Health and P.E. have been required classes to graduate for years now, and this year was no exception. P.C.H.S is all about staying active and making sure the students are healthy and involved. Both teachers worked hard to make P.E. fun and Health enjoyable, not just another dreaded requirement. Students learned about reproduction, which no one looked forward to, but Mr. Knisely made sure everyone stayed on track and learned what they needed to.

Ms. Mullen is ready to do some cooking.

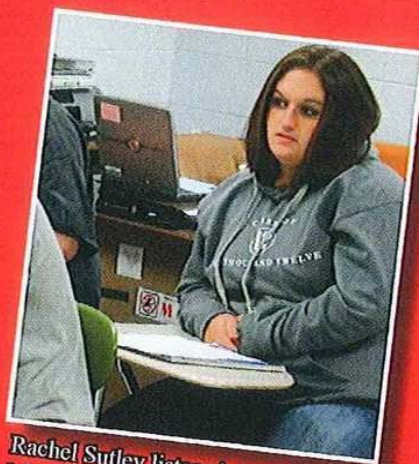

Consumer Science has had a twist to it. Ms. Mullen has become our new teacher for this class and not only brought with her spontaneity but also new ideas and a new way of teaching. The parenting students got to experience carrying a baby around while still attending every class without being late. Also the culinary class made lunch for their families as well as breakfast for the staff a few days. They also traveled to Cheat Mountain Pizza to experience working in a high-speed setting. The Driver Ed class also got to have an enjoyable year. Ms. Wiley alternated directions to Marlinton and Green Bank to allow her students to get to know the road and to feel the excitement of being under that steering wheel.

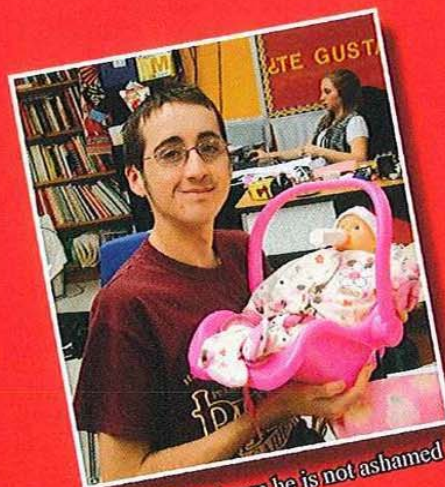

Bill Kelley prepares to drive.

Pirates of the Caribbean was the theme of this year's Pocahontas Warrior Marching Band. The band started off nice and early on the first of August learning their new music and drill. Their first competition was Tournament of Band Preview, in which the Pride took home high percussion, high drum major, and high auxiliary, placing second overall. Other parades and competitions were the Mountain State Forest Festival and the annual Marlinton Halloween parade. During the winter they had the Marlinton Christmas Parade, and the annual Christmas Concert. The spring brought the spring concert. Mr. Ullman also teaches Music Appreciation, Instrumental Music, Jazz Band and Choir.

Business & Yearbook

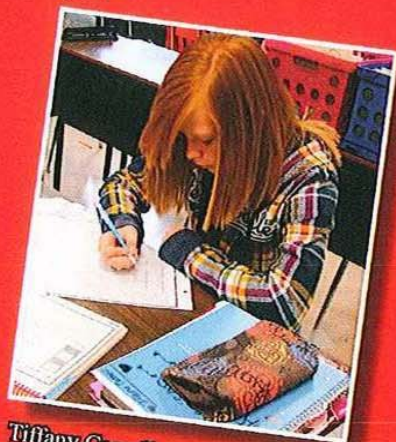

Cheez-its

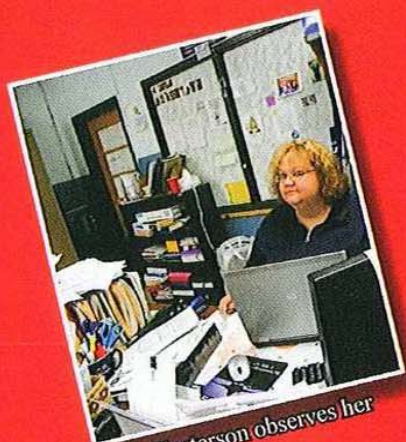

Mercedes Warner looks for an idea to share with her classmates.

Business and yearbook classes were booming with productivity this year! While the yearbook class was picking themes, colors, and fonts for the coming year's yearbook, business classes such as Business Computer Apps, Intro to Business, Office Management and Keyboarding were using new computer applications, learning new business techniques, and working on their typing skills.

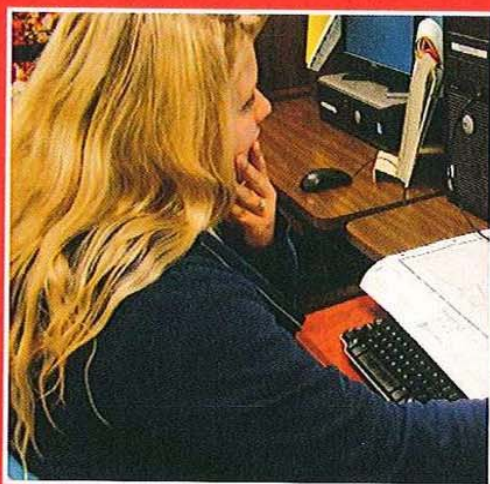

Contrary to popular belief, these classes are actually very popular among students; the best way to sum this oddity up is to say it is due to the fun and interesting way Mrs. Kesterson handles class lessons. She is always interested in what students are doing and is always willing to lend a hand and her advice to any and all students who need it. For this reason, next year's business classes are sure to be just as big a hit as this year's.

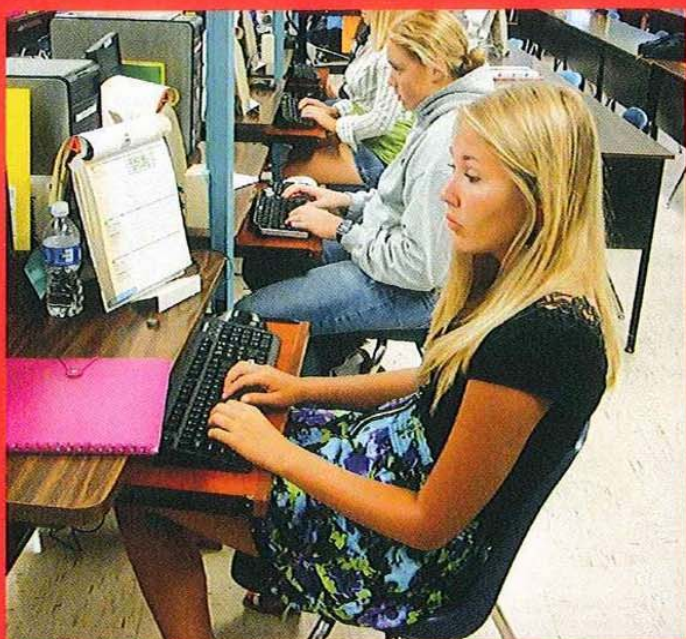

Tiffany Cassell concentrates on her work.

Electricity & Electronics

Shockers

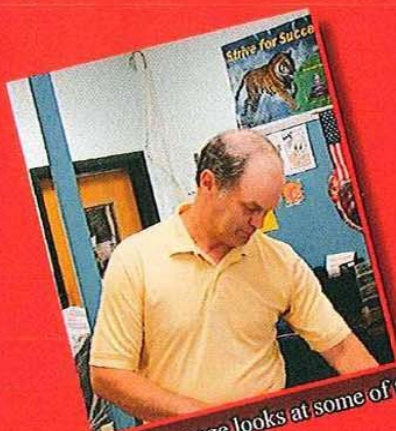

Students worked hard this year to learn the basics of electricity and electronics, while other students worked on completing upper-level classes in these subjects. A few students went as far as to take their completers exams, to become certified. The Skills USA team took their knowledge they had learned from these classes and competed at the State Competition. Some went on to nationals, in Kansas City, MO, to compete. Altogether, students had fun in their classes and in competitions, learning important skills and knowledge that they will be able to use throughout their futures in the workforce.

Mr. Duane Gibson is excited to work on building projects.

Flamed Taylor is happy to be working on his cinder-block project.

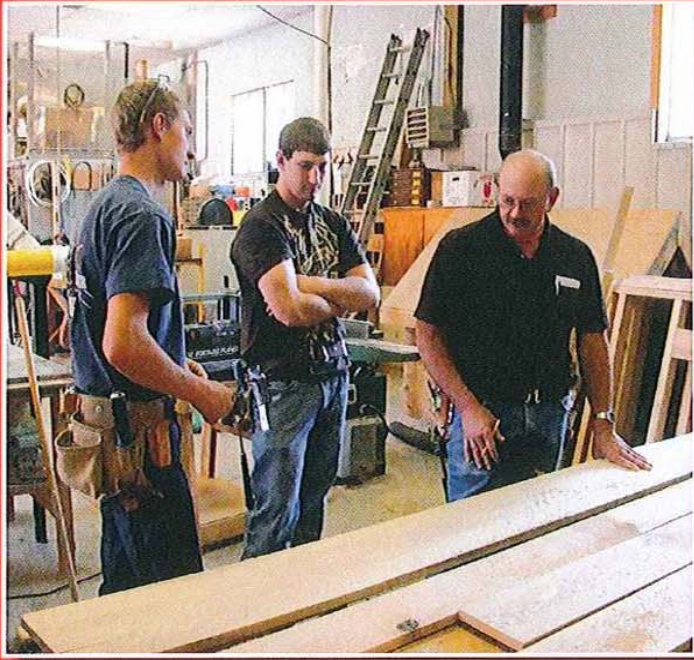

Mr. Scott Garber thinks that teaching forestry is no walk in the park.

Lilly Rudd, Roseanna McCoy, and Lorrie Mallow relax after a long walk in Forestry class.

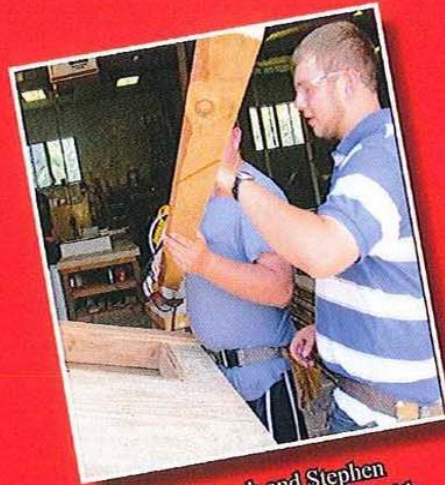

Last year's forestry department experienced changes. One of the main changes was getting a new teacher, Mr. Garber. He brought along with him new knowledge. He maintained the same curriculum as Mr. Burns did but brought forth his fresh experience. The forestry students got to learn the trees, the advanced kids learned to run the chainsaw, and the Wildlife Management students got to go fishing. Mr. Gibson continued to do the same things in Building Construction as the past years as well. They not only worked on things for Mr. Gibson but for other people that may have requested something. They finished the building for the football field as well as a modular house. They as well built a building for an alumni student. Overall, both classes were busy beavers.

Jacob Johnston is happy to be outside for Forestry.

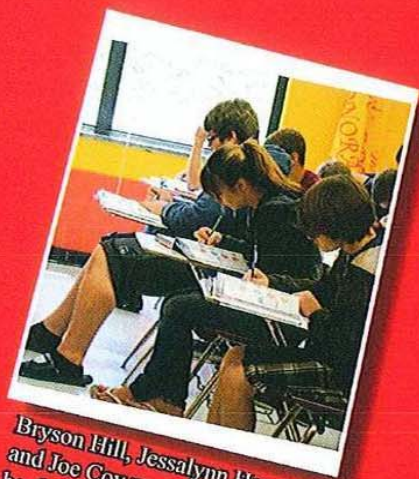

Art & Foreign Language

Bon Bons

The art and foreign language departments were very fun and successful this year. The art department had many creative students. Some of the students had the opportunity to be involved in the wall murals such as The Graduate, Alice in Wonderland, and The Spanish Mural. The foreign language department had a very busy year as well. Some students traveled to Spain over Spring Break and had the opportunity to travel to Paris as well. This year's foreign language festival was very productive and successful. Many high school students placed in poem writing, poster making, and cooking Spanish entrees. Also, there were creative skits that were put together by the students that kept family and friends entertained. Overall, foreign language and the art departments were BUENO, BUENO, BUENO!!!!

Mrs. Thompson was a voice of wisdom to students.

Mr. Jack Sanders was a big help as a junior sponsor.

A special thank-you goes out to our learning support staff - - from our janitors, to our cooks, to the attendance director, to the actual learning support staff itself. Without their extra help, the school would be a mess, and we appreciate them deeply. They're like our mothers away from home, preparing us our meals, cleaning up our messes, making sure we're at school and that if we're not we have a legitimate reason as to why, and helping us in our weak subjects. At Pocahontas County High School, we had a wonderful learning support staff that gave 100 percent, and they did it with smiles on their faces. They cared about the students, and you could tell by the way they did their jobs throughout the 2010-2011 school year. So, to our learning support staff, thank you. We don't know what we would do without you.

Sports at P.C.H.S were a really big part of school. We offer a variety of sports such as football, volleyball, track, golf, softball, baseball, and basketball. Some students played three sports on account of avoiding boredom and staying in shape. Once summer came around, they had camps, so some students were constantly doing something concerning a sport. Every team tried their best to go to states. Eventhough they may not have made it, they all tried their hardest and put forth all their effort to push their team as far as they could go. With the student body behind those teams, that gave them that extra push to really represent their school. Also, sports was a sad time for the seniors. If they were not planning on playing in college, this would be it and they would be playing their last games. As they said goodbye, though, the underclassmen were ready to step up and take their places so they could have success the next year.

Last volleyball season the girls had lots of new faces join their team. The freshmen were eager to play and learn from the upper-classmen. They worked as a team to accomplish all the wins they got. They played difficult teams that people thought they would lose to, but they went above and beyond everyone's expectations. They would keep their heads up and play hard and win. Of course they had some losses, but they never let that get to them. They maintained their positive attitudes and pushed forward. They beat Fayetteville & became Sectional Champions. They then went to Regionals, where they lost to Meadow Bridge, and their wonderful season came to an end.

This season the Boys Warrior soccer team experienced growth, changes, rebuilding and a great overall season. The boys had to overcome and adapt to losing eight seniors from the graduating class of 2010 and a coach of numerous years. Also the Warriors greeted a new set of outstanding coaches, Mr. and Mrs. White. The boys soccer team began practice in early August to prepare themselves for the long season ahead. During this time, the boys pushed themselves to condition and improve on ball handling skills. At the end of August before games would begin, the Whites congratulated senior Alex Rodriguez, and juniors Bill Kelley and Curtis Pyles as team captains of the 2010-2011 boys soccer season. The boys traveled far and wide throughout the season to compete against many different teams. Each game the Warriors grew stronger and continued to show school spirit despite any losses. They finished their season proudly with multiple wins and hope for their young team to set states as their goal for next year.

The season started hot with wins against North Marion, James Monroe and Berkeley Springs. Throughout the season, the girls overcame hardships like multiple injuries and losses but persevered and completed the year with a winning season. With the leadership of six seniors, the girls pushed through pain, upsetting losses, and just plain old tough teams. As the season progressed, the Lady Warriors' skills kept developing, leading them to the first round of sectionals against Midland Trail. The ladies worked very well as a team overall and made every game worth their time and put forth all their effort to overcome their opponent. They have two ladies out with torn acls, for which they both went into surgery and were out for the season. Those two were juniors and have the next year to play. With two new coaches, they excelled in every way possible. It was very hard for the upperclassman to say goodbye to Mr. and Mrs. Burns, but they gladly welcomed Mr. and Mrs. White. They pushed the girls and helped them fight for the wins they got. Eventhough the girls did not make it to states, they were very satisfied with how well they did. When the season was over, they were already getting themselves prepared for what the next season would bring.

The football season was very successful, with 10 returning seniors and the returning underclassmen. Coach Knisely had a lot of potential players on the team. At the beginning of the season, the Warriors started out strong. As the season went on, the boys played their hardest, but some games they weren't so fortunate. Once again the Warriors got a chance to go to playoffs. The Warriors left early Friday morning and headed to Wheeling, where they had to play against Bishop Donahue. During this game, neither team had the home-field advantage because the game was held at John Marshall High School. The Warriors played hard but were unable to advance to round 2. As the season came to an end, all the seniors said their good-byes and Mr. Knisely began planning for the next year.

The Pocahontas County High School golf team had a very exciting season. New to this year was Tom Plumley, gym teacher at Green Bank by day and golf coach by night. The golf team had two challenging places to practice their game: The Raven at Snowshoe and the Pocahontas Country Club. The team practiced on the weekends and after school to prepare them for the difficult courses they would play such as: Green Mountain Golf Club in Pendleton County, the Lewisburg Elks in Greenbrier County, the Needles Eye in Highland County, and the famous Homestead Resort and Golf Course in Bath County, Virginia. Once again the Warriors made it the West Virginia High School Golf States in Ogleby Park in Wheeling.

With five seniors on the team, the Pocahontas Warriors were pumped up and ready to go. They practiced every day and even came in on snow days. They started the beginning of the season with a boom, defeating Harman. Their first loss was to the Pendleton County Wildcats. They played Pendleton County three times during their season; one game was in the Potomac Valley Conference. At the PVC tournament, senior Lakota Jonese shot in the 3-point shootout. He made it to the second round, barely losing to a Wildcat player. As the season progressed, the competition got harder. The games were very close and exciting, but the Warriors' couldn't clinch the win. Moving into the first round of the Sectionals, the Warriors faced off with Fayetteville. This was an important game because it decided the Warriors' fate, state tournament or end of the season. Sadly, this was the Warriors' last game of the 2010-2011 season. Our team showed a lot of effort and dedication to basketball, and hopefully the teams after this will do the same.

Wow was a good word to describe the 2010-2011 Girls Basketball Season.

They worked diligently at every practice to show that they had the determination to make it to states. The ladies began their season with two wins and followed with 2 losses. They went on to have 19 wins in a row. They beat out Tucker County twice to prove that they could beat even the toughest teams. The freshmen stepped up and proved themselves to Tim McClung and Kenny Lehman, the coaches, and assured them that eventhough three great seniors were leaving, they were prepared to follow in their footsteps and be remembered. Shelby Snead not only ended her senior year well by going to states but she also beat 2 records in the process. She beat the 3-point shot record and the 1000-point record. The Lady Warriors proudly made their way to states for the third time in a row. They went down early to eat and then practice to prepare to play Wheeling Central. The ladies gave it all they had and were defeated 48-41. They didn't hang their heads low but high for accomplishing three straight visits to Charleston and knowing they were ranked 5th in their division.

Cheerleading

was a big hit this year! Not only did the football cheerleading team more than quadruple in size from last year, but basketball cheerleaders were also reintroduced to the school after several years of not having a team. Football cheerleaders cheered the boys on until the end of a great season. Basketball cheerleaders, while their team was much smaller, cheered for both the boys and girls basketball teams, accompanying the Lady Warriors to the state competitions.

Along with cheerleaders cheering the teams on to victory were the fans--teachers, students, parents, and friends. These loyal fans stood behind the Warriors every step of the way, attending every game whether it was home or away. There was never a lack of encouragement or confidence in Warrior country!

With an early fresh start, the baseball team started practicing for a majestic season. The strength of the baseball team has remained strong all the way through the season after the many challenges along the way. Our baseball team has plugged all of our talent and strength into our games efficiently and proudly. Teams in the states of West Virginia and Virginia have been clobbered by our hard-working team. Eventhough Mike DiPasquale was not a teacher at our school this year, he was still dedicated to our baseball team and coached for us anyway. He believed in the talent of the team and really loved the sport. We lost one senior but will definitely recover our strength with the growing talent of the underclassmen. With weather affecting the practices and games, we still found the time to perfect our skills and keep a firm winning streak towards the end of the season. All of the players worked hard in practice and took the game very seriously with no complaining. We had the upmost sportsmanship and never gave up. We knew how to win and how to lose but still maintain the pride in our wonderful high school. Baseball, like any other sport, will be remembered long after we graduate.

The Lady Warriors softball team had a relatively rough season, due to a shortage of practices and games from bad weather and conflicting events. However, that didn't change the fact that the girls had enough spirit for themselves and the opposing team. The girls softball team had a fun year, played hard, and after each loss they still managed to walk off the field with just as much pride and enthusiasm as when they arrived. The Warriors softball team had fun in everything they did, and they were a team whether they were on the field or out doing their own thing. They practiced and worked hard and had fun while they were doing it. They spent all the evenings that it wasn't raining at Stillwell Park practicing as if it was an actual game. Then there were the evenings when it was raining, and you can bet that you would see them in the gym practicing throwing, catching, batting, and improving on whatever else they could inside. Led by the Coach Samantha McClure, they practiced hard, stuck through the season together as a team, and overall had a relatively good season.

Additional Activities

Every school including P.C.H.S would not go as quickly or would not be as fun without additional activities. Spirit week was one of the most exciting weeks of the school year, as well as homecoming. There was a numerous amount of clubs offered, such as FBLA, VICA, FFA, Project Christmas, Natural Helpers, as well as many more. There was something for every student at P.C.H.S. The students also experienced a number of assemblies brought forth from our wonderful staff. They got to see one of the strongest men and even got to participate in some of his activities he brought to show them. Without additional activities, students would not be opened up to so many opportunities to see different things or experience different things or even see different places.

Once again, Homecoming was quickly approaching and all the students were excited about dressing up for spirit week. This year consisted of senior citizen and camo day, nerd and cowboy and Indian day, career and formal day, and finally on Friday was favorite sports team and maroon and gold day. Along with dressing up, students in each grade level worked hard to decorate the spirit stick and hallways. Students gave money to the American Heart Association, which helped them receive chain links for their class. Finally, after a hard week of tough competition and lots of laughter, it was time for powderpuff. Everyone went down to the football field and cheered on their classmates. The seniors played the freshmen, and the juniors played the sophomores. After playing hard, the seniors and juniors played in the championship game. The juniors won the powderpuff game, but the seniors were determined to win spirit week. After the pep rally in the gym, the results were revealed and the seniors came in first!

Homecoming Queen: Sarah Shears

There were many events going on at P.C.H.S. during the school year. One popular event was Homecoming. The individual classes elected two attendants to represent their class, and the senior class elected three Queen and King candidates. After each class chose their attendants, the student body as a whole voted on Homecoming King and Queen. Everyone looked forward to Friday night to find out who the King and Queen were. Finally the day arrived. The Warriors played a tough first half against the Bath County Chargers. Halftime arrived and it was time to hear the results. Homecoming Queen was Sarah Shears, and Homecoming King was David Kiner. The Warriors played a savage game and defeated the Bath County Chargers 7-6.

Assemblies

Combos

As young teenagers, most of our memories were in the gym, enjoying our assemblies while socializing with our friends. In the fall, The World's Strongest Man came to our school to motivate us about respect and value for everyone. We were really impressed by his many talents. Before Christmas break, we had Sadie Hawkins Day, where classes competed against each other in relay races. After Thanksgiving break, we had an Elf Auction to raise money for Christmas charities. At the end of March, we had a talent show for our students to showcase their various talents. Many people performed and did an excellent job expressing their talents and dreams. Sheriff Jones encouraged us to be safe during prom. Several roadside checks were set up to ensure prom goers had a good time and were safe.

The World's Strongest Man came to P.C.H.S. to show that we all have a purpose and we are good enough to be strong.

Ellie Bell majestically leads the hula hoop club during the talent show and has many moves of her own.

Jamie Boothe, Emily Dunz, Ellie Bell, Cathy Hefner & Matthew Alderman show off the money that was made during the Elf Auction.

A) Jesse Hoke acts as a taco in the Navidad skit.
B) Mr. Lindsey keeps his end of the deal and kisses the rump of the pig for Relay for Life.

C) Mr. Garber, Mr. Anderson and Mr. Sutton express the glory days before they shoot hoops.
D) Makinsey Halterman shows his acting skills to the school during the talent show.
E) Seth Doss and Brandon Gloschen work together to weaken the grip of the world's strongest man.

Family Ties 3 Musketeers

We see our teachers every day but not in the form of parents, uncles, aunts, etc. Family is a very important aspect of life. Although we have families in the school system, the wonderful teachers here do not favor their children. Family ties stop at the door, but those that are here say it is nice to see a familiar face. We may have certain blood ties at this school, but overall this small, tight-knit school is just one big family. When something happens in the community, we as a school come together as one and show that we are here for support and show our love.

Trips and Competitions

Charleston Chews

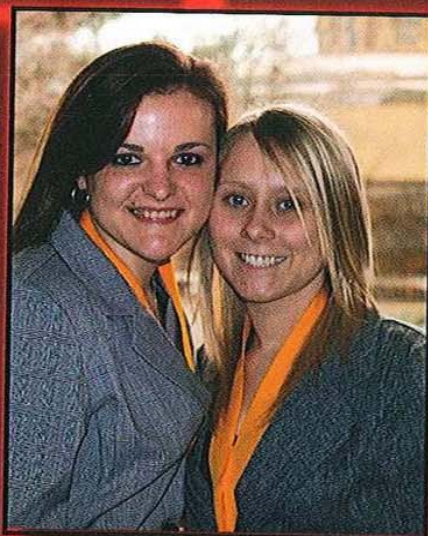

Tanner Graham enjoys his food at the Mexican restaurant.

Noah Pugh competed in the State Skills USA competition in the carpentry division.

FFA students participated in the ham, bacon, and egg show.

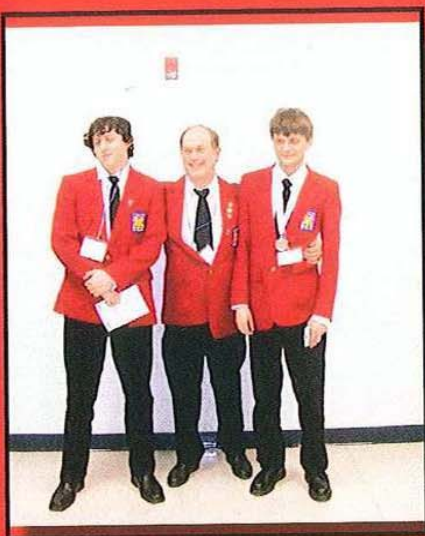

Karen Wilfong and Brittany Phillips are happy because they are going to Florida for the National FBPA Competition.

Danielle Mothes, Nathan Hamons, Merandia Shinaberry, Rachel Cain, Clay Wylie, and Ellie Bell, smile at La Sagrada Familia while in Spain.

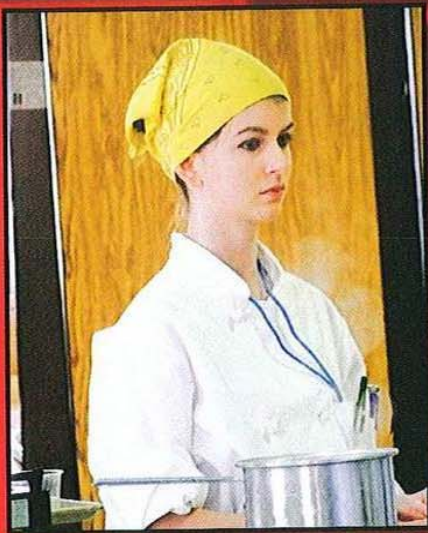

Mr. Beverage and two VICA members (David Barb and Justin Oscar) take a picture after a big win.

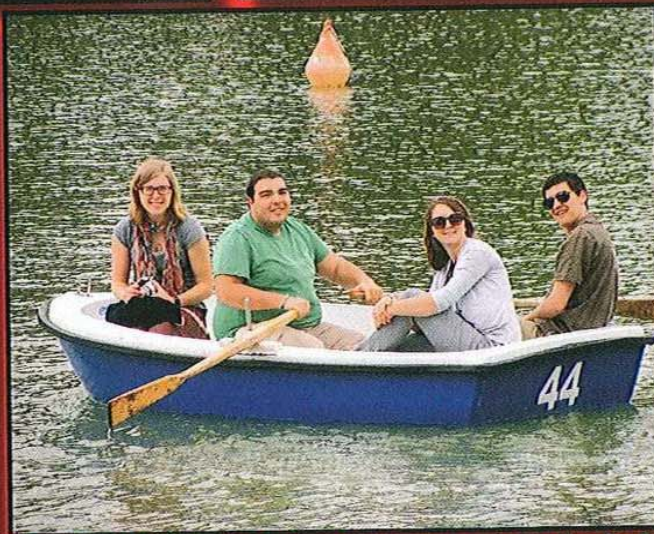

Lorena Rose received 3rd place for Introduction to Business Communications at the State FBLA Competition.

A student takes a picture of all the people at the National FFA Convention.

Samantha Hefner is competing in the state VICA competition in the Pro- Start Foods category.

The Spanish students enjoyed an evening in Retiro Park.

Last year we had very few trips and competitions, but the ones that we did have worthwhile and fun. Students traveled to Charleston for many events, including were Girls State Basketball, VICA, and FBLA. The Spanish group also traveled to Barcelona and Madrid during Spring Break and came back with many interesting details and stories. FFA traveled to Indiana for the National FFA Convention. Mrs. Burns also took a field trip to Spruce Knob to show her Earth Science class how to look for and identify rocks.

The Royalty

Prince and Princess Kala Clendenen and Dylan Green and King and Queen Matt Hill and Sarah Shears pose for their group photo.

Sarah Shears and Matt Hill share a dance.

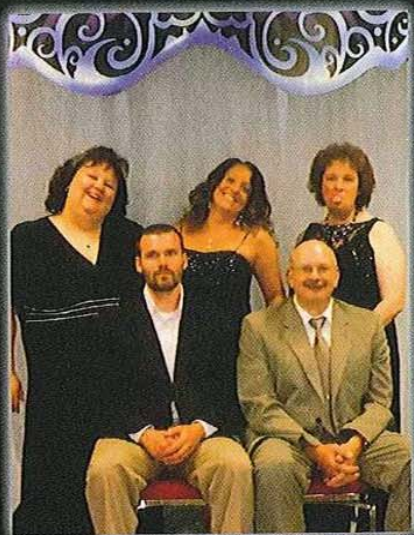

Kala Clendenen and Dillon Green also follow the slow dance tradition.

Mountain Masquerade

Mountain Masquerade was a success. Prom was located at the Mountain Lodge on Snowshoe Mountain this year. Students and teachers were looking their best. With the help of the Junior Prom Committee, the Mountain Lodge had never looked better. The students danced through the night, enjoying food and drink supplied by the Pretty Penny. Toward the end of prom, the royalty were crowned. Matt Hill and Sarah Shears were named king and queen, while Dillon Green and Kala Clendenen were named the 2011 prom prince and princess.

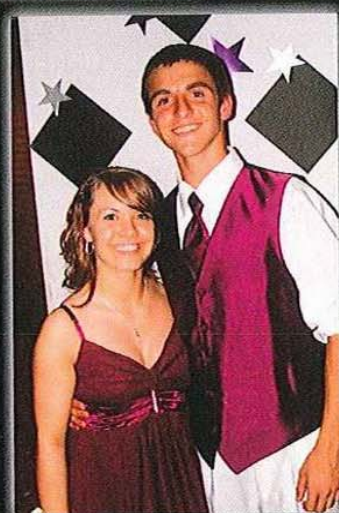

The junior class sponsors enjoyed the night as much as the students.

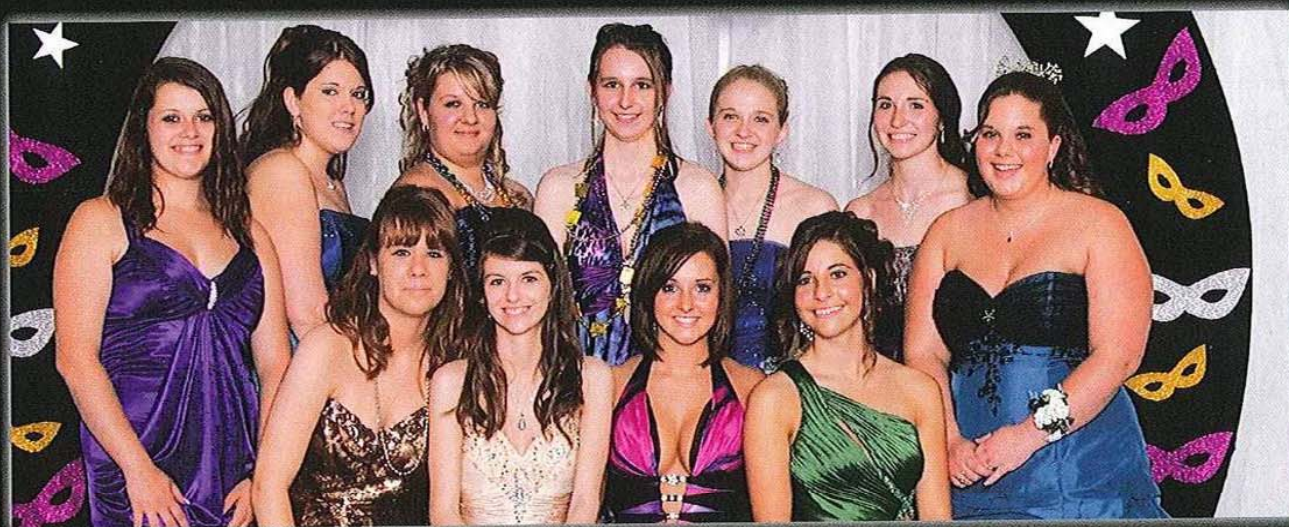

Tiffani Jackson and Chelsea Walker dance the night away.

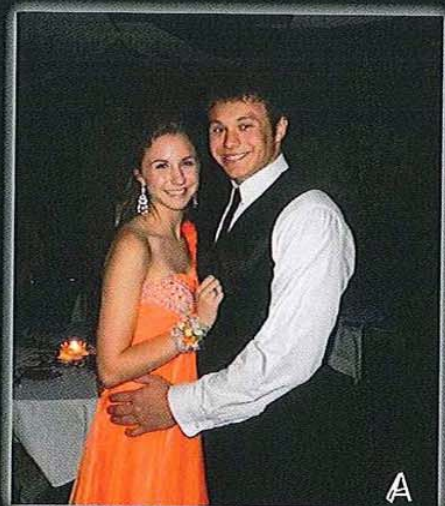

Curtis Pyles and Sommer Hickman pose for a quick shot.

Logan Plumley and Gloria Jerome are having a good time.

The Junior Committee consisted of Olivia Goslyn, Samantha Hefner, Lyndsey Barlow, Erin White, Shyenne Wimer, Dawn Wickham, Summer Chestnut, Rosie Perkins, Chloe Bland, Makinsey Cochran, and Trista Robinson.

Awards & Banquets

Star Crunch

When doing something you think is a good job or working your best to get somewhere, you deserve to be awarded or acknowledged; so at P.C.H.S it is no different. Every year we hold an awards night for seniors to show what they have done and where they have gone or will be going. When students see the awards possibilities, it makes them work hard and prove themselves. Also, as well as senior awards, there is the athletic banquet, where athletes are recognized for their accomplishments on the field. National Honor Society also inducted new members that worked hard and proved their leadership, scholarship and many more qualities. A special night was set aside for each of these so parents and family members could attend and show not only their support but that they were proud of their kids, nieces, nephews, etc., for all they have done. This shows the students that hard work really does pay off.

Mr. Sanders presents an Academic Achievement award to Jamie Boothe.

Karen Wilfong and Seth Doss are being rewarded for sportsmanship.

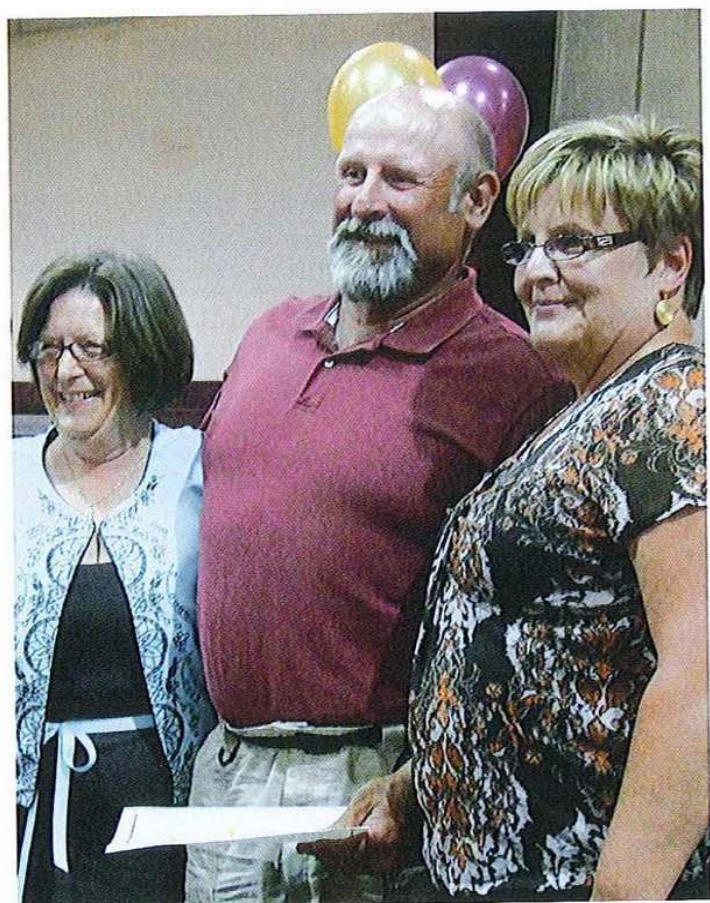

Gavin Moore's proudly showing his Spanish award with Señora Minter.

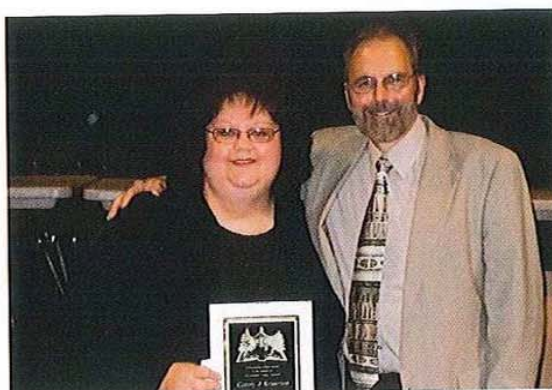

Shelby Snead and Tanner Graham get the Athlete of the Year award.

Mr. Sutton presents the Math/Athlete Award to Aaron Sharp at the Athletic Banquet.

Annette Graham, Bee Rose, and Connie Rose get an award at the Athletic Banquet for all their help and support during football season.

Mr. Sanders is happy to present the Teacher of the Year award to Mrs. Kesterson.

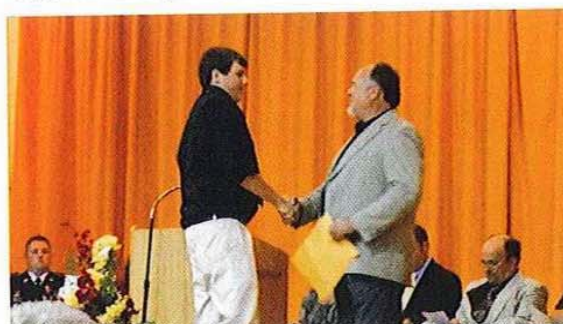

Spencer Carr and Nick Gum smile as they get an award for FFA.

Allison Jonese, along with many other freshmen, received the Super Scholar Award from Mr. Lester.

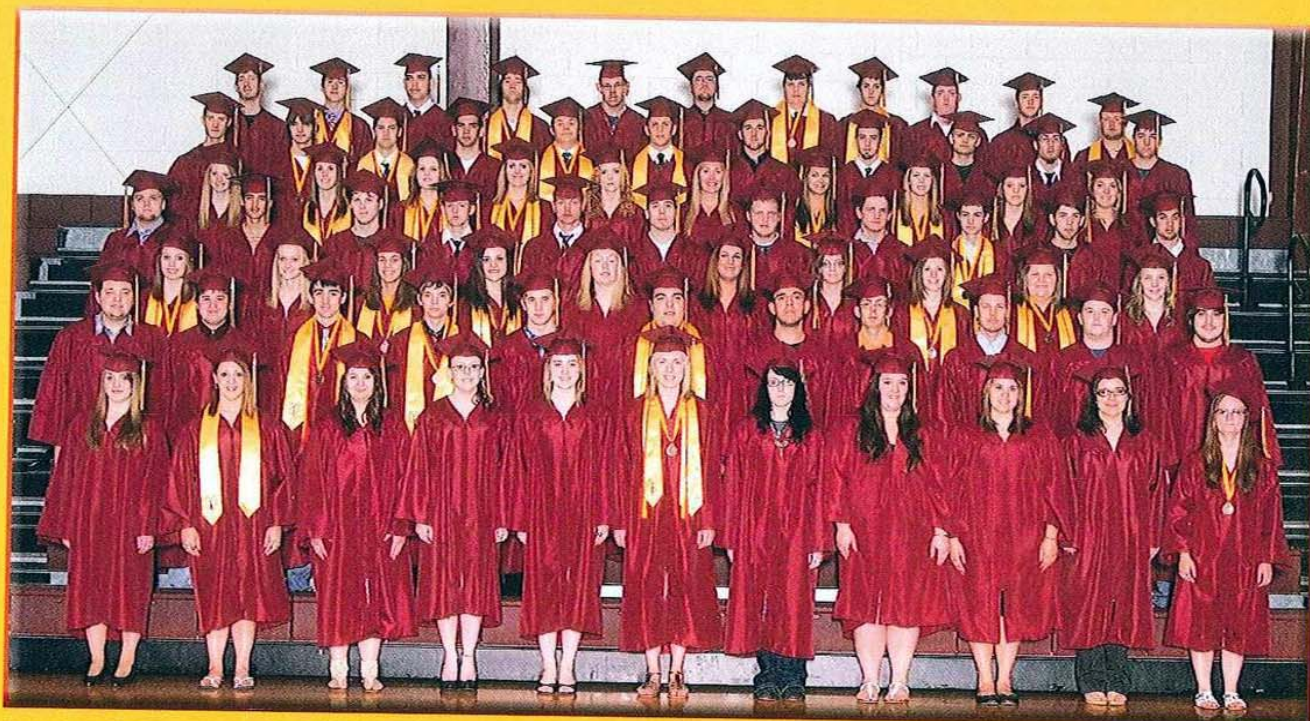

Mr. Lindsey applauds Chloe Bland, Sara Jonese, and Erin White for being "Above the Influence."

Logan Plumley receives a scholarship from the NRAO presented by Mr. Mike Holstine.

With four years of learning, fun, accomplishments and goals successfully completed, the senior class of 2011 were ready to graduate. They were ready to say good-bye to the comfortable life they had built at P.C.H.S. Graduation quickly came upon these students. With scholarships, college applications and spring break the last week of April, May flew by and May 28th was with them in a blink of an eye. The students excelled, and a great many of them were accepted into college and the military, beginning in the fall.

**Good luck,
Seniors!**

Congrats, seniors!

In ten years...

Elizabeth Arbogast-I see myself holding down a full-time job as a registered nurse, possibly married and living in my dream house.
 Ellie Bell-I will be an ecologist living in another country, in a house in the woods.
 Katelynn Beverage -In 2021 I will be successful, still full of life and making a killing.
 Jamie Boothe-I will have recently graduated from medical school, and will be in a residency program. I'll probably be living in or near a metropolitan area.
 Solomon Bostie- I will be the world's best brain surgeon.
 Braxton Buzzard-In my boots, "riding for PBR & making it to the finals in Las Vegas!"
 Rachel Cain-I plan to have a full-time teaching job. I also plan on being married and starting a family.
 Shonda Carr-I plan to have a successful teaching job and a family.
 Brittany Cochran -I'll be married, have 2 wonderful kids and be working as an RN like I've always wanted to do.
 Alicia Chastain -10 years from now I will be an RN.
 Ryan Crosten-I plan to be a graduate from WVU. Then hopefully be an elementary educator in West Virginia, and be married to the love of my life.
 Brian Cummins-I'll be 28.
 Kelsea Curry-I will be finished with my masters in Psychology. I'll probably have my own home and love my job very much.
 Alex Cutlip-I see myself being 27.
 Seth Doss-I will be coaching a college football team, with a wife and kids.
 Jacob Dunbrack-I plan to be with a fine little lady. Living in a nice log house. Working for AFP.
 Adam Fuller-I plan to be married with a family and be doing whatever kind of job I enjoy doing at the time.
 Ian Galloway-I'm unable to predict that currently.
 Amanda Gafford-I would like to have my own house, NO kids, livin' life like there's no tomorrow.
 Bruce Giernan- "Probably living alone being a correction officer."
 Steven Good-I see myself in the Marines or having a good job in construction.
 Tanner Graham- I will hopefully be alive living prosperity with a wife and a few little ones runnin' around.
 Nathan Hamons-I hope to be employed in a law firm working my way towards a career in Government.
 Janessa Hatfield-I will be working and helping others. I will hopefully have my dream house, a log house. I might be married and have a kid, don't know for sure yet.
 Timmy Hayes-I will be working in a fast food restaurant.
 Cathy Helfner-I will not be stressed about my senior year, or this prediction.
 Kelly Hendrick-I'll be a college graduate with a masters degree in Special Education. I'll also be married and have a family.
 Louis Hines- I will be in VA. Working on boats and living there too.
 Jesse Hoke- Working as a personal trainer for a sports team.
 Tiffani Jackson -I will be graduated from college, pursuing my career in radiology. I hope to be married and starting a family of my own.
 Lakota Jones- In ten years I plan to be graduated from college and well into my career in the U.S.M.C.
 Kevin Keatley- I'll be out of this state. Working on Graphic Design.
 Azia McGinnis - I'll be 28 years old and I hope to be graduated from college and working with a good company or with good people.
 Kelly Keller- "With my husband, which is now my fiancé, and I will be a dental hygienist and I will have at least one or two kids."
 David Kiner- "I will be keeping it real in ED RAY!"
 Kelsea Lane- "I will be teaching Elementary Music somewhere near the beach or the city & maybe I'll be married with kids."
 Payton Mann- "I will be starting my own veterinary practice in Pocahontas County and doing vet work all over the state."
 Bradley McMillion- "I plan to use the information Ms. Martin teaches me about the stock market & invest enough money to buy a yacht as well as a speed boat. I will use these to travel all around the world as a pirate!"
 Danielle Mothes- "I will be job hunting and considering what to do with my next ten years."
 Logan Plumley- "Have a successful job as an electrical engineer."
 Kim Pollard- "I will be married with a child working as a Radiology Technologist."
 Noah Pugh- "Doing construction work. Hopefully in Pocahontas County married with 2.5 kids!"
 Medina Ramsey- "I'll be doing something amazing. I know it."
 Roger Ray- "Hopefully, cooking in a very nice restaurant or a chef in the Marine Corps."
 Seth Rexrode- "I will probably have my own auto repair shop."
 Alex Rodriguez- "Give me a call in 10 years, then I'll tell you."
 Amy Rose- "I hope to have a successful job as a nurse-midwife."
 Evan Rose- "I will be out of college and living life to the fullest. I will have my own house and family, with a good job, big house, and substitute bus driver on the side!"
 Joe Rose- "I will have a M.S. in Biology and will be a paleontologist in northeastern Utah."
 Jake Ryder- "I'll be on my tour bus leaving the sold-out show I just played in Texas, and playing a guitar solo for the sold-out show I'm playing at in Vegas."
 Lee Ryder- "Out of school, out of my parents house, and owning FasChek."
 Aaron Sharp- "Furthering my education either through college or by experiencing life as it comes each day."
 Clara Shay- "I am going to be married with two kids, living on a horse ranch in Montana living my dream as a horse trainer."
 Sarah Shears- "I will be settled down, have a successful job, maybe married, starting a family, but most importantly, I will be satisfied with my life!"
 Miranda Shinaberry-I'll be catching serial killers for the FBI far away from Pocahontas County. And I'll have a Mustang Shelby Cobra! That is, if the world doesn't end in 2012!
 Khristian Smith- "I see myself fresh out of school with a doctorates in English Literature and a book published."
 Michelle Smith- "I'll let ya' know."
 Shelby Snead- "I plan to be working as a teacher and have a family."
 Felicia Sparks- "I see myself being far away from Marlinton, WV, living a full, happy life!"
 Jolee Starks- Probably have a family and a job. With a nice house.
 Jena Taylor- "Married with my own business."
 William Trainer- "Log truck Driver."
 Jessica Varner- "Hopefully I will be a great "RN" flying with health net, And starting a family and living here in Pocahontas County, WV. And I will be running with BFD Fire and Rescue be-
 ing their EMT and LOVING MY LIFE!"
 Mercedes Warner- "I will be a successful R.N. with 2 kids & married to the greatest guy ever. (Will Pennington)."
 Kate Weik- "I will be graduated from med school, not married, and possibly livin' in Montana."
 Karen Willong- "In 2021, I will be a successful registered nurse with a full time job married to the love of my life with two children."
 Morgan Williamson- "I will be happily married with children and living in West Virginia."
 Dawn Wright - I will be on an Army base hopefully in Texas, just a little closer to my dreams.
 Clay Wylie "I will travel the world and never look back at the county."

Behind the Scenes!!!

As the 2010-2011 school year came to a close, we realized how much we had to get done in a short time. With two years under our belts we were ready and prepared. This year's staff had some troubles but got through everything as a team. Through the year we accomplished many things; we began our building blocks during our summer session. We were visited once by our Fox representative who put people on their way to finishing a wonderful yearbook. Mrs. Kesterson kept everyone on task and dealt with a few obstacles, but with the help of us we got through it. Yearbook was a lot of fun and a wonderful class. We hated to see it end, but were also excited to see new members join and new editors step up to take our place. We wish next year's staff and editors and especially Mrs. Kesterson the best of luck and hope you enjoy yearbook as much as we did.

A special thanks to Autumn Ryder and Heather Snead for helping out and making "Sweet Memories" a sweet success!!

Active Learners

What would a school be without students? Just a building without a spirit. Students at PCHS brought life and excitement wherever they went. Through the hallways, classrooms, and gymnasium, Warriors were found making lasting friendships, learning new concepts, and playing their best or just having fun. No matter where they were, PCHS students were proud to be Warriors.

Seniors '12

2011-2012 school year couldn't have gotten there any faster for the 2012 seniors. They were excited yet nervous about everything that came with this last year of high school. They thought it was all about prom, banquets and graduation, but there was so much more than that. Between scholarships, college applications, sports, ACT/SAT, and senior mentorships, some felt it was overwhelming. Among their busy schedules, they still found time to have fun and party. Homecoming was more sentimental to seniors than ever before. The King and Queen were crowned, and the winners were Sara Jonese and Curtis Pyles. The seniors placed first in spirit week overall. Arrangements got underway for graduation, prom, tests, and of course senior-skip day. Seniors had too much to do and little time to do it in. They say high school is the best part of a person's life. Many will always remember the memories of best friends and first loves forever etched in their high school scrapbooks. The class of 2012 will always be remembered by their outstanding school spirit and colorful, fun-loving personalities.

Juniors '13

Here came the class of 2013, walking through the doors of P.C.H.S. on August 23, 2011. All they were thinking about was what a big year they had ahead of them. They couldn't help but think about who they were going to elect as their class officers, or what homecoming and prom themes they were going to choose. As time passed and it came time for homecoming, they decided on the theme "Wild with Pride." Spirit week was spent with tons of different competitions between classes and different dressup days, like animal print day, celebrity day, career day, hat day and, as always, Friday was maroon and gold day. After much anticipation, it was soon Friday night, and the football team had a terrific victory over Richwood; 41-18. Shortly after homecoming, the junior committee and the class sponsors began to prepare for prom. It was finally decided that "Diamonds are Forever" would be the 2012 prom theme. In between all of their "busyness," they had to finish getting their last few credits to officially be seniors and prepare to take the ACT and SAT tests. As they finished the year, they walked out the doors of P.C.H.S. shouting, "We are officially seniors!"

The class of 2014 walked into PCHS holding their heads high and ready to start another great year. Coming in knowing who all the teachers were, knowing where all the classes were and going with the flow of being a sophomore. This year they had a few exciting things happen. They got to design and receive a class ring if they wished. They worked hard on planning out the next two years, and deciding on their majors and classes. Also, it was time to start planning for the WV Writing Assessment, PSAT, and the Plan test. With only one more year until prom, they had lot of fundraising to do to make prom a success. They happily finished up the year with passing grades and smiling faces.

Freshmen '15

Strutting tall into what seemed like a completely different world from middle school, the Class of 2015 came into the first day of school with confidence and pride. Excited and anxiously waiting to see what being a Warrior feels like, the freshmen participated in Spirit Week and Elf Auction without having any idea of what to expect. After getting the hang of being a Warrior, they started to feel more welcome and calm about the events and upperclassmen around them. Next was choosing which clubs and sports to get involved with. So many to choose from, they finally found their spots for freshmen year. After finding their passions and hobbies, they fit in with the rest of the Pocahontas County Warriors. The Class of 2015 were definitely ready to spend their 2011-2012 school year with new student body and new staff.

My favorite thing about being a Warrior is the pride.

Hi My name is **Dylan Cassell**.

If I could live in one foreign country it would be Germany.

If I were stuck on an elevator I would want to be stuck with Kaitlyn Wilfong.

If I were to be a cartoon character I would be Elmer Fudd because he says "Wabbitt".

My favorite thing about being a warrior is it's fun and there are friends to talk to.

Hi My name is **Casey Griffith**.

If I could live in one foreign country it would be Spain.

If I were stuck on an elevator, I would want to be stuck with snacks and Dr. Reed off of criminal minds because I would be hungry and he is good looking.

If I were to be a cartoon character I would be Patrick Star off of Spongebob because he is pink and tubby.

My favorite thing about being a warrior is they have feathers.

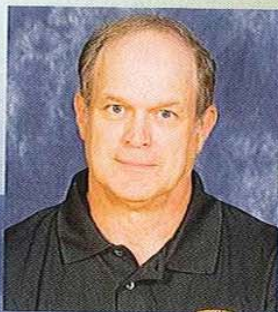

Faculty and Staff

Pocahontas County High School faculty and staff faced a year of trials and errors but was able to keep the students focused on their school work. Many staff changes occurred throughout the year that made every day seem hectic. Mr. Lindsey left after several years of service, which prompted Mr. Knisely to become Dean of Students. In the Spring, however, Mr. Knisely resigned as Dean of Students, leaving the position unfilled. Mr. Josh Ashby brought new ideas as he became the health and physical education teacher. The math department saw changes as well because they added Miss Nebraska Beverage to their equation! Ms. Wiley became the new Volleyball Coach as well as the Athletic Director. Mrs. Whiteis filled the position as science teacher for PCHS. At the end of the year, Mrs. Martin and Mr. Sheets announced their retirement from Pocahontas County Schools. They will be greatly missed.

Academics

Each year students had more and more required classes to take to earn the 28 credits necessary to graduate. Students started out on one of two pathways:

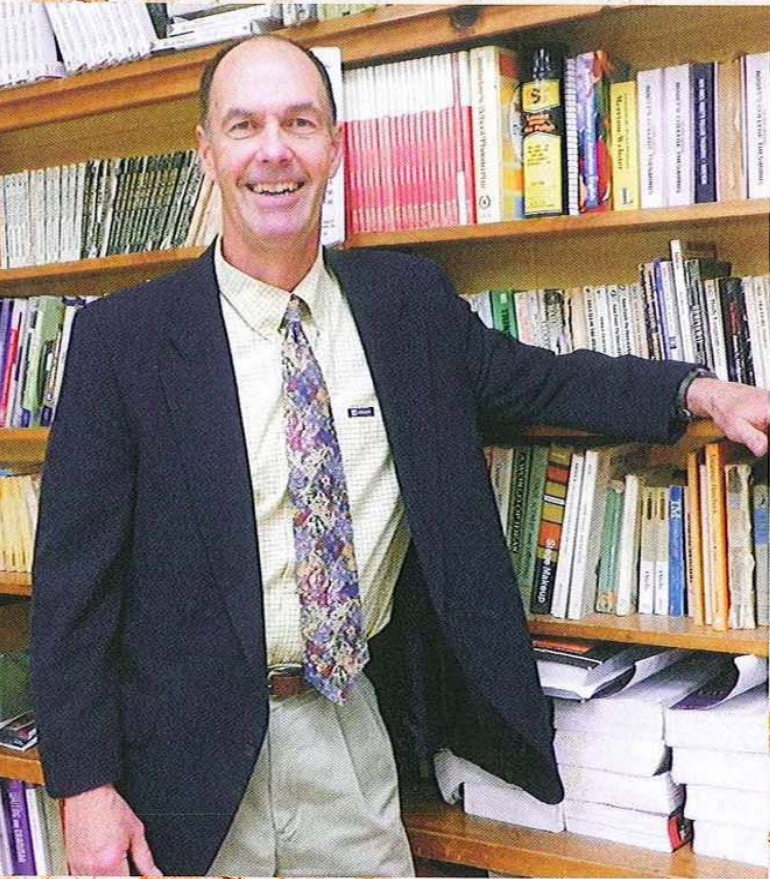

professional or skilled. Their pathway determined what classes they needed to take. P.C.H.S. offered a variety of classes for a small school such as career technical, college, and advanced placement. With such a variety of classes, students had many opportunities to find something they enjoyed.

Academics

Language Arts

"Kindness is the language that the deaf can hear and the blind can see."

-Mark Twain

The Language Arts department had a few complications, but it never slowed the classes down. Mrs. Propst, who took over Mrs. VanReenan's spot while she was away for a few months, made sure she held the fort down right and did an amazing job. While students were in class learning about Romeo and Juliet, Shakespeare, and Robert Frost with Mrs. Propst, Mr. Sheets and Mrs. Boothe, they became creative and filled the hallways with posters of short stories or poems. The Language department definitely made sure that Mrs. VanReenan's return was a huge welcome back. The Language Arts 9 of the second semester made sure they made Mrs. VanReenan and the rest of the school proud with a play of a famous poem, "The Highwayman," by Alfred Noyes. Using silhouettes by a curtain and lamp on stage, they blew everyone away with the wonderful performance. The reenactment was a success and everyone got an A for their participation and dedication. Eventhough Mr. Sheets will be retiring this year, Ms. Boothe and Mrs. VanReenan will continue to do what they do best and make sure that students get the knowledge of Language Arts and Reading, and maybe continue with some of Mr. Sheets' stories.

Science

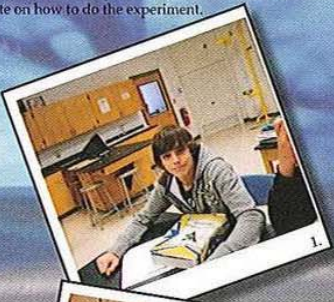

Science is the knowledge of consequences, and dependence of one fact upon another.

-Thomas Hobbes

This year's science wing started out with a new teacher, Mrs. Whiteis. She took over teaching the Biology, AP Biology and Physical Science classes for Mrs. Wiemer, Mrs. White, Mrs. Burns and Mrs. Whiteis always make the science classes fun, by doing lots of fun and entertaining labs with the students. In Mrs. White's Anatomy class the students get to dissect cats which the students always have fun doing even though it gets pretty smelly. After the cats, then they get to do some labs that have to do with physiology in which they learn how the body itself works. Mrs. Burns' earth science class got to go caving and went to Mr. Sheets' place to do the archaeology dig. The students in earth science also got to do some interesting labs where they got to learn about the different kinds of rocks. Her chemistry classes do many interesting things too, they do some fun labs that allow them to learn and understand the concepts of chemistry. Also in the Biology classes that Mrs. Whiteis and Mrs. White teach the students get to learn and understand the production of cells and reproduction. The science classes this year had a very fun and enjoyable year by showing the students the fun and interesting things about science.

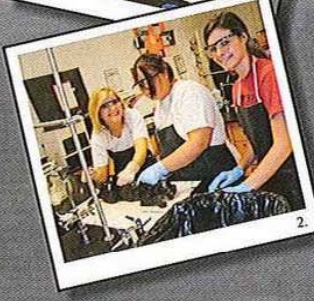

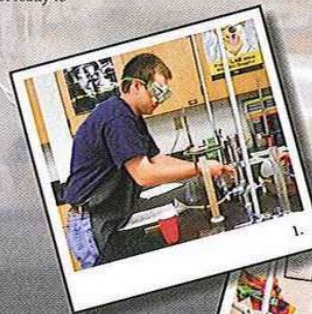

1. Cameron Dunbrack is very happy to be in biology class.
2. Moneilia Matland, Ashley Hammons and Miranda McNabb watch Mrs. White demonstrate on how to do the experiment.

1. Chantella Lewis and Courtney Combs work hard on dissecting their cat.
2. Cayla Brown, Trista Robinson and Heather Sneed get ready to skin down their cat.

1. Drew Caloccia works hard on getting his experiment done.
2. Lyndsey Barlow and Chloe Bland show off their cat.

2. Matt Alderman and Olivia Goslyn get ready to skin their cat for dissection.

Math

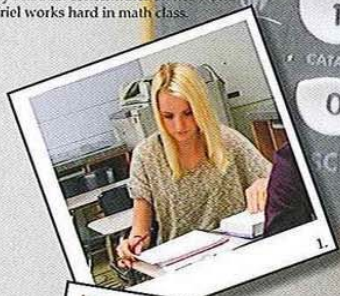

If people do not believe that mathematics is simple, it is only because they do not realize how complicated life is.

~John Louis von Neumann

The year 2011-2012 the mathematics department added a new teacher, Ms. Nebraska Beverage. She taught Algebra 1, Algebra 2, and Geometry. Mathematics is considered one of the most difficult groups of classes. Every student at P.C.H.S is required to complete 4 math courses regardless of what pathway they are in. The math classes that are offered to the students are: Algebra 1 and 2, Geometry, Pre-Calc, Trigonometry, Calculus, College Algebra and Conceptional Math. Mrs. Rhea teaches Algebra 1. Ms. Beverage teaches Algebra 1, 2 and Geometry. Mr. Sutton teaches Algebra 2, Calculus, Conceptional Math, and Trigonometry. Mrs. Shinaberry teaches Algebra 1 & 2, College Transitions, Geometry and Pre-Calc. The math department was busy getting ready for the new West Virginia math curriculum for 2013.

"America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves."
Abraham Lincoln

History classes at P.C.H.S. were always fun and exciting places to be. Mr. Anderson, Mr. Taylor and Mrs. Martin did their best to bring History to life through lecture, PowerPoints, discussions, movies, debates, projects and games. This year also brought a new and exciting addition to the social studies department with Mr. Lambert, a former student, returning to do his student teaching with us. His new outlook on an "old" subject energized students and teachers alike. Many students participated in the local, regional and state social studies fairs earning honors for their outstanding and creative projects. Many civics students were able to try their hands at being business tycoons in The Stock Market game. With Mrs. Martin's retirement, P.C.H.S. will be looking for a new social studies teacher that would hopefully have her flare for fun, meaningful projects and a taste of "real-world" experience.

Agriculture Education

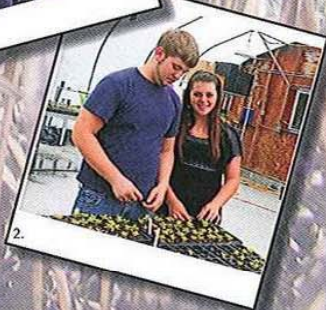

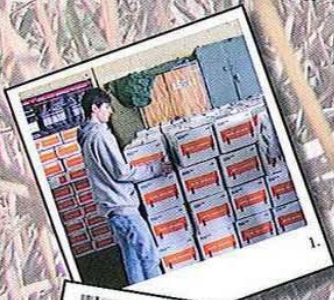

*Living to do
Doing to learn
Earning to live
Living to Serve*

Agriculture Education is very important to all of us here at P.C.H.S. Mrs. Bartley lets all of her students to be creative in everything they do. In Horticulture she lets students plant all kinds of plants and lets them take care of them, then they will sell them during the FFA Plant Sale. She also teaches Ag. Mechanics where your welding skills come out. This year in Ag. Mech. 2 they built tool boxes. In Animal Science you will learn all different breeds of animals. Sometimes she takes them on a field trip to a farm and they get to look and feel the way the animal should properly be maintained. This year in the FFA Fruit Sale, over \$24,000 was raised with a \$4,000 profit. This year the FFA Chapter Officers traveled to Indianapolis, Indiana, to watch the National Convention. They also got to watch Blake Shelton in concert and then went to the rodeo and watched the PBR.

Health and Physical Education

Physical fitness is not only one of the most important keys to a healthy body, it is the basis of dynamic and creative intellectual activity.

-John F. Kennedy

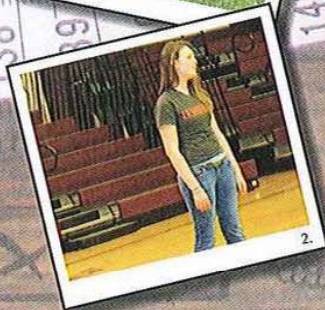

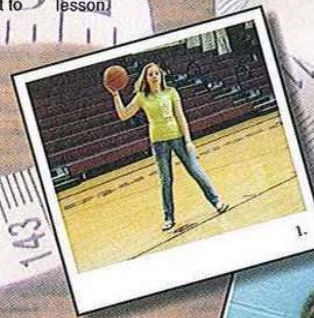

Throughout everything that has happened this year at P.C.H.S, physical education and health have faced the most challenges: going from Mr. Knisely, who was our teacher for many years, to Mr. Pugh, who was the substitute for a short amount of time, and then now we have Mr. Ashby to take over the position for the 2011-2012 school year. He has brought a positive attitude out in his students as well as new activities. These students have experienced how to do yoga, dance, play basketball and volleyball, lacrosse, baseball, work-out videos, and everyone has enjoyed playing the Xbox Kinetic. Students have learned that there are many ways for a person to be fit and healthy. The health classes have also had a chance to experience some guest speakers to show them how to live a healthy lifestyle without drugs, alcohol or tobacco. P.C.H.S students are excited to be healthy and fit.

If you don't take care of your body, where will you

Consumer Sciences and Driver Ed

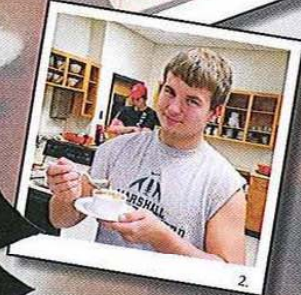

Food is our common ground, a universal experience.
-James Beard

"Change brings opportunity." - Nido Qubein

This quote relates to the Consumer Sciences program at P.C.H.S. this year. Ms. Mullen volunteered to offer a new fashion class to the students this year. Students will learn how take on the fashion industry with good sense and taste. A new vehicle, which is a GMC truck from Sheets, came to P.C.H.S. as the new Driver Education vehicle. Also, a new look and technology for the Culinary kitchen took place this year. New appliances were bought for the students to get more experience in the kitchen and prepare the future for the students who have hopes of working in the Culinary Business. Cookbooks created from the Culinary 1A students gave the staff and the Board of Education the opportunity to see what is cooking down in the Culinary room, which fills the halls of the Vocational Building with many appetizing food prepared by the students themselves. With a few minor changes to the Consumer Sciences Department this year, students gained more experience and a can-do attitude for the 2011-2012 school year and beyond.

Music and Band

Spy vs. Spy

After silence, that which comes nearest to expressing the inexpressible is music.
- Aldous Huxley

Spy Vs. Spy was the theme of this year's Pocahontas Warriors Marching Band. With band camp taking a start early August, the band practiced from dawn till dusk learning songs, doing drills, and practicing to meet big expectations. With songs ranging from James Bond to Soul Bossanova with a twist of funky Austin Powers, the year was a hit. The band placed first in the Buckwheat Parade. Even with losing their color guard coach near the beginning of the season, the color guard girls still won first place at every competition, beating the odds and showing their skills. The band competed in the Tournament of Bands Preview, Mountain State Forest Festival, Buckwheat Parade, and did their annual Marlinton Halloween Parade, Christmas Parade, Christmas Concert, Spring Concert, and Band Ratings. Starting in the spring the band started learning next year's songs and show to get ready for another winning season, and with losing their drum major, drum captain, and color guard captain it's time for someone to step up and show their skills. Mr. Ullman also teaches Jazz Band, Instrumental Music, Music Appreciation and Choir.

But when you get music and words together,

Business and Yearbook

A budget tells us what we can't afford, but it doesn't keep us from buying it.

- William Feather

Mrs. Kesterson's business classes are more than just a boring class. In her Intro. to Business class, they learned how to write a business plan, they learned the business ethics, and also they created their own merchandize with clay and were taught how to market their items.

Keyboarding class is not the most exciting class there is; but in Mrs. Kesterson's class, you must confess, it is pretty fun: learning how to type the correct way, how to write a resume, how to write a business letter, how to address a letter. Oh, wait we can't forget about Mavis Beacon which is an online skills practice.

This year Mrs. K was a very brave soul. She had many students do many different types of Independent Studies, which is where the students basically teach themselves the material. Students studied in classes such as Computer Applications, Office Management and Keyboarding.

The 2011-2012 yearbook staff were a very dedicated group. They all put forth some effort, time and really made yearbook class fun and worthwhile. But without Mrs. K they never would have been able to go as far as they did.

Electricity and Electronics

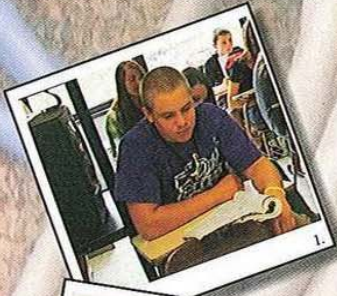

I'd learned enough about circuitry in high school electronics to know how to drive a TV and get it to draw - shapes of characters and things.
- Steve Wozniak

Electricity and Electronics are everyday functions of life. They not only keep the world lit up, but they give millions of people jobs and hobbies around the world. Most everyone knows little about electricity except for a light bulb and a switch. But here at P.C.H.S, the Electricity class offered teaches about house wiring, electrical theory, commercial wiring, cables, hazardous locations, EMT conduct, construction specifications, underground networks, and solar photovoltaic systems. The most exciting thing that students love about electricity class is getting hands-on experience in the classroom with Mr. Smith. Electronics is another favorite of students at P.C.H.S. Working with Mr. Beverage was a highlight of some students' days. The VICA team participated in Nationals and brought home several titles and plenty of pride.

"Benjamin Franklin may have discovered electricity, but it was the man

Building Construction and Forestry

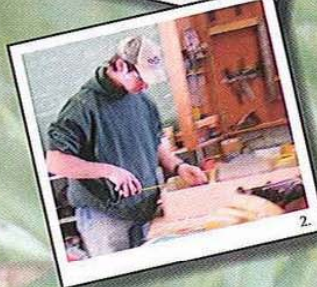

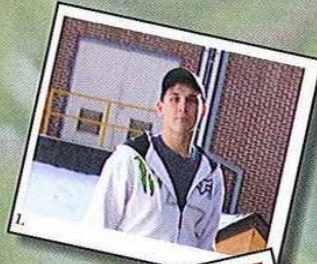

If a tree falls in the forest and no one is around to hear it does it make a sound?

This year the Building Construction class worked on the modular house. There were a lot of newcomers to the Introduction to Building Construction classes, too. The Advanced Building Construction class rebuilt the Warrior sign so that it will be here for years to come. This year the Forestry class learned how to identify a tree by its leaves. They learned exactly what kind of tree they were looking at. They did hands-on activities as well. They made Biltmore sticks to tell the diameter of a tree and tell how many logs you can get out of it. They went outside and tested what they learned to see if they really knew how to tell what kind of tree they were looking at.

1. Richard Smith, Adam Beverage, Joe Coy, and David Hoover work on their forestry assignment.
2. Tiffany Rogers studies a tree.

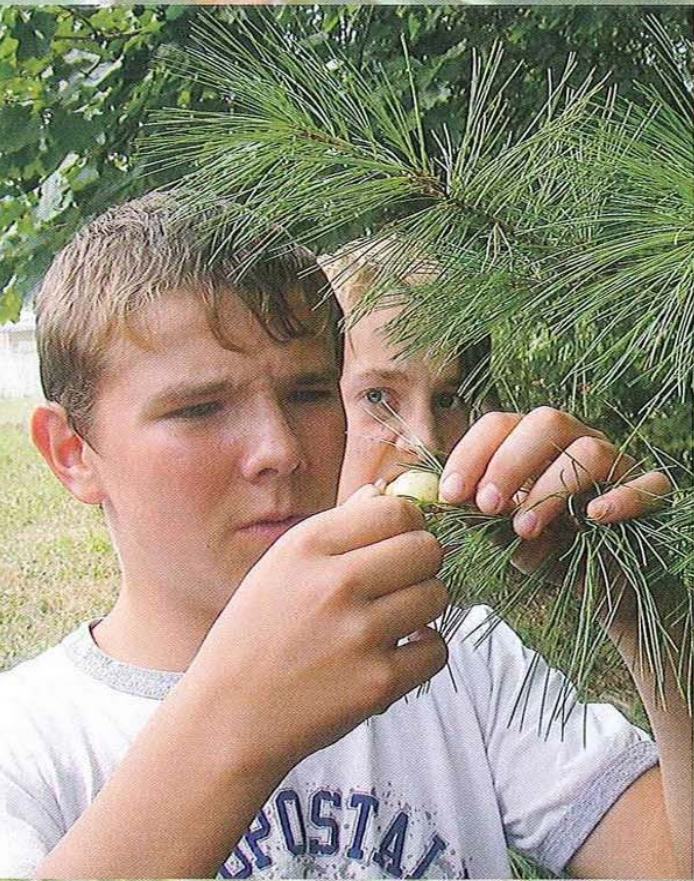

1. Austin Holmes is just happy to be there.
2. Hamed Taylor measures a piece of wood for his assignment.

Art and Foreign Language

"If you talk to a man in a language he understands, that goes to his head. If you talk to him in his own language, that goes to his hearts." - Nelson Mandela

The Art classes this year learned a lot of new techniques for how to do their art work. Some of these techniques Ms. Nelson hadn't tried before, so that was an exciting new thing. The Advanced Art class finished painting the stage in the gymnasium. All the students who had already taken art or who were in art were invited to put their art work in the annual art show. In Spanish this year, they learned about places to go, what to bring, how they will get there, how they will pay and many other things. They gave presentations on their choice of Spanish person, place, or thing. Some advanced Spanish students went to Spain over spring break.

1. Julia Chastain works on her self portrait.
2. Georg Faerber works on his picture of Marilyn Monroe.

1. Marka Kane gives her presentation on Pablo Picasso.
2. The Spanish class came to sing to Summer Chestnut on her birthday.

Office, Guidance, and Library

"We're here for a reason. I believe a bit of the reason is to throw little torches out to lead people through the dark."
- Whoopi Goldberg

If a student or school visitor ever needed any kind of assistance, the office door was always open. Mrs. Pritt, Mrs. Rao, Ms. Wiley, and Mr. Sanders did their best to make the office comfortable and enjoyable. Otherwise, it wasn't so enjoyable when you were in trouble, but that's not the only reason you would go to the office. They are there to answer any questions or concerns you may have. Or if you just need a smile to brighten your day, Mrs. Pritt is always available for that.

As we all know, schedules, scholarships, and college information can all be frustrating sometimes. Well, that's why P.C.H.S. has Mrs. Beverage in the guidance office. Her office door is always open, and you better bet she'll be there to greet you with a warm, welcoming smile. Mrs. Beverage will help any student with whatever they may need to the best of her ability. Students at P.C.H.S. just don't understand what she does for our school and students, and we should all appreciate everything she does!

We all need a quiet place to study, read a book, or just need a place to clear our minds. The library is the best place to go. Ms. Chappell is always in there or not far away. She is extremely nice and helpful to every student. If a student was ever in need, she was sure to help as much as possible, with whatever you may need. Not only is the library a quiet place to study, but you can also check out books and finish up assignments on the computers.

Educational Support

Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world.

Harriet Tubman

Throughout the year, it would be impossible to get through without our Educational Support staff. From our kitchen staff to our Special Needs aides, they are always at work. While our teachers give extra help to the students, janitors keep our school sanitary and healthy, and the cooks cook our delicious meals everyday, from early in the morning to those long evenings. They always make sure we have our meals to get us energy to get us through the long school days. Also without janitors, our school would be un-sanitary and we would have to be more responsible for our hallways, classrooms, restrooms, and other facilities in the school building. Most students don't think about how much the janitors and cooks do for this school until they stop and realize who feeds them and makes sure their facility is clean and able everyday so nobody gets sick or hurt. Cooks always have a welcoming smile on their faces when you walk through that lunch line to receive your tray, making sure every student has the correct health benefits they need. The Educational Support Staff always have a positive attitude towards students, other staff members and visitors. They welcome anyone to Pocahontas County High School, and they give one hundred percent everyday to make sure our students have good hospitality, extra help with their classes, and a clean facility to earn their education.

P.C.H.S. Sports

The Warriors worked hard to accomplish all the difficult tasks that the sports brought on them. Many of the teams advanced to sectional and regional levels while others excelled to qualify for state tournaments. The boys and girls

basketball teams, the golf team, volleyball team, and track team were all lucky enough to have qualified for state wide tournaments. It was quite an accomplishment to have had over half of all sports teams at PCHS continue on to this level. Though many seniors were lost at the end of these seasons, the athletes were sure to show enthusiasm for next year's athletics.

Volleyball

"Winners never quit and quitters never win."
Anonymous.

With a new coach and new additions of freshmen to the Volleyball Team for the 2011-2012 year, the team was definitely ready for a great season. With many wins and few losses, the team headed to states with a very outstanding record. Making memories and spikes, the team came home with a loss but a very good game and season. The season ended with smiles and joy from knowing that they played a fascinating season with confidence and Warrior Pride. The two seniors will be sadly missed next year. The team hope to have a great season next year to make them proud.

"This year was great! We made memories and history. I will miss you guys next year! Remember to 'Guard the Hole'!"

Junior: Heather Snead
"This past volleyball season was good because we all got along and had a blast. We made a lot of memories throughout the season, and it was a great experience to go to states with these girls."

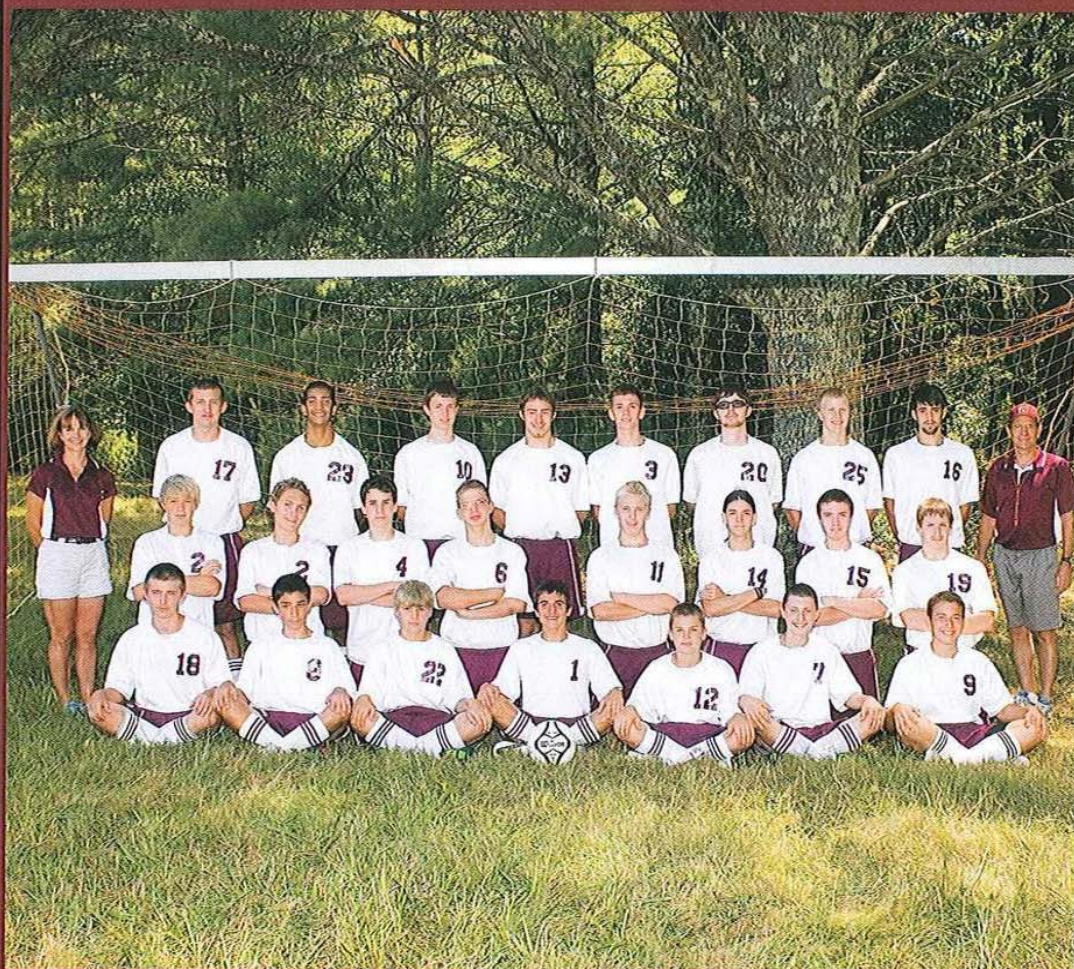

Sophomore: Lyndsee Gay
"This season was really good, I mean hey, we went to states! Although Mr. Lindsey left us, Ms. Wiley taking over gave us just what we needed! I'm glad I have a break but I can't wait until next year. I am going to miss Chloe and Miranda like crazy though."

Freshman: Katlin Sharp
"I felt that it was a great learning experience. I really enjoyed playing with a great group of girls. Chloe and Miranda were great teachers and role models. Their leadership helped the team go to State Tournaments. Ms. Wiley and Ms. Bland were great help to everyone after coach Lindsey left, stepping in and taking the coaching roles."

Boys Soccer

"One thing will not change - we will be going out to win."

-- David Beckham

The boys soccer team rebuilt this year with over 20 players, all of which trained hard for their season, enduring everything from amazing wins to terrible losses plus injured players. No matter what they still played their hearts out. The boys soccer season started out bumpy with a mixture of wins, ties, and losses, but ended the season with a good 5-run winning streak. The Warriors showed pride and were excited to begin the new season in the upcoming year.

"Great players make for great games and a great season."

Senior Curtis Pyles said, "The season was fun. Not the best but not the worst. The team will have a lot of returning talent next season. Good luck to both teams."

Junior Georg Faerber said, "I think it was a lot of fun and a really good season. It was really nice to enjoy the P.C.H.S soccer team. I only played nine games, but I really enjoyed them and think that the team did a really good job. The best game was definitely against Kings Academy. We had an awesome team performance as underdogs in this game. I think every body had a good time and we were an awesome group. I just can say thank you for this experience and for the beautiful trips to all the away games. It was a pleasure to be a part of this team and to play for P.C.H.S. A big thank you to the coaches who prepared us before every game. I hope that the soccer team has even a better season and have success next year. Good Luck Warriors!"

Sophomore Garrett McCurdy said, "It was good, we are definitely improving as a team. I think that fall 2012 will be our season."

Freshman Phillip Green said, "It was a fun experience and I can't wait for next year."

Girls Soccer

The rules of soccer are very simple, basically it is this: if it moves, kick it.
If it doesn't move, kick it until it does.

The PCHS Lady Warriors started off their season August 1st. During the first few weeks of practice the girls worked hard to get in shape and to improve on their technical skills for the upcoming games. They started off the season slow but the lady Warriors persevere and won 6 of the last 8 games. By the end of the season the Lady Warriors had grown as a team and had moved on to compete in the sectional game against Midland Trail. After grueling quadruple overtime the Lady Warriors lost after playing over 100 minutes. Though this was a tough loss the Warriors stayed strong and were grateful to have had such a wonderful experience over the past few months, and were ready for the next season to begin.

Football

"Football is like life, it requires perseverance, self-denial, hard work sacrifice, dedication and respect for authority." - VINCE LOMBARDI

Coach Knisely

The 2011-2012 football season was very successful and exciting. The Warriors had an unusual change to their team: senior Sara Jonese was one of the first girls to ever play on the team. She worked just as hard and was just as tough as the boys. Sara also played in every JV game and all Varsity games except three. The Warriors had a fairly strong season and once again made it to the State Playoffs. They left Saturday morning in November and traveled to play Wahama High School in the first round of State Playoffs. The Warriors gave the game all they had and tried their hardest, but unfortunately they were not able to advance to the second round of playoffs. As the season ended, the seniors returned their uniforms for the last time and said their goodbyes. Leaving behind their great attitudes, hard work ethics, and all of their great abilities, the team and Coach Knisely started planning and training for a great season next year.

 "I feel that the 2011 football season went well, but we had the potential to perform at a higher level. Each game that we lost, we could have won if we could have done little things better. Overall we had a winning season but no one should be satisfied. We look to get better, faster, and stronger this off season, in preparation for next season. If we as a team work throughout the next 8 months, we should be right back in the playoff race next year."

Boys Basketball

Boys Basketball...End Of An Era

The head coach Bob Sheets of the Pocahontas County High School Boys Basketball team ended his thirty-year coaching career with a boom. Knowing that this year was their coach's last, the Pocahontas Warriors wanted to make sure it was a season to remember. Refusing to back down, the Warriors put their heads in the game and made sure that every shot counted. Never underestimating what their teammates could do, the boys headed to states with their maroon and gold spirit high and their skills higher. Coming back to Pocahontas County with a season that Bob Sheets could never forget, they brought home the Sportsmanship Award.

"I have had fun this year playing basketball under my father. I believe that we could have had a better record with a few more wins. But I could not ask for a better group of guys to go to states with. Not only for us as a team, but also for my father considering it is his last year and I think he deserves it."

Junior: Tyler Davis
I thought the season was very successful. I think the team learned a lot from each other too. Being a part of a state playoff team was definitely an achievement which I think every player enjoyed. It was a good season and we got to play the game we love all the way to the playoffs.

Sophomore :
Brandon Hamons
I felt real confident at the beginning just like I did throughout the season. I figured we would do great which we did. I thought that this was the best year of basketball I've ever played. We had a heck of a group of athletes this year who worked harder at every practice. I'll never play with a better group of seniors.

Freshman: Cary Robertson

Pride. Courage, Honor and Strength identified the 2011-2012 basketball season for the Pocahontas County Lady Warriors. Backing down was never an option for these strong and determined ladies as they had a very exciting and successful season. Having some of the most stressful games against our number one enemy, the Tucker County Wildcats, they came out strong and headed to states for the fourth year in a row. Knowing the pressure and effort they had to put forward at states, the Lady Warriors walked in the Charleston Civic Center with their heads held high. The only thing they weren't sure about was the team they were playing. Coming home with the Spirit Award and more Warrior Pride than ever, the Lady Warriors say goodbye to their three seniors and continue to shine with Warrior Pride.

"It was an unfortunate season and it shouldn't have been the way it was."

Junior: Olivia Workman
"I feel that our season was good. We won most of our games and beat challenging teams including Tucker and Woodrow Wilson. I think we started out strong and definitely had a chance of making it to the second round. However, once at Charleston we were surprised by a different team and had a rough first half. I think that we could have done a lot better than what we did. We'll be a little young next year, but I feel good about it and the girls I will be playing with. I know we'll be back at states next year."

Cheerleading

"Next time someone tells you cheerleading is easy, tell them to do your routine and then get back to you." - Tif Tif

Cheerleading was a big hit again this year at Pocahontas County High School. Not only did the cheerleaders cheer on the Warrior football and basketball teams, but they also attended a competition, which is something that hasn't happened for years here at Pocahontas County High School. Throughout the year the girls continued to advance, with things like: new stunts, and new and more difficult cheers. This brought the girls closer together than ever before and every one of them was proud to say they cheered at PCHS.

The girls work carefully to put Sommer Hickman up in a stunt. Full of spirit, the girls wait patiently for the football players to run through their banner on homecoming. Back Row: Faith Coleman, Kristen Leverage, Emily Fuller, Josie Biller, Jennifer Fertig, Tiffanie Alexander, Harley Francisco. Middle Row: Ally Dunbrack, Alexandra Plate. Front Row: Sommer Hickman. All of the cheerleaders are sure to be in sync as they do their hello cheer. Practice makes perfect as the cheerleaders present their floor cheer to the student body.

Baseball

"I can swing big, with everything I got. I can hit big or I can miss big. I like to live as big as I can." ~Babe Ruth

P.C.H.S. baseball was exciting this year! Ending with a winning season was quite impressive, as the team battled some of the top teams in the state. Along with this, many records were broken this year. Steven Halterman even threw a perfect game which has never happened at PCHS. Not to mention that the Warriors stats this year were great. The boys moved on to win sectionals, but lost regionals after a hard game. Eventhough this was a tuff loss the Warriors were proud of what they had accomplished, and would miss their seniors as they eagerly awaited next year's season.

The minute you start talking about what you're going to do if you lose, you have lost. -George Shultz

This years softball season was a change of the seasons. We got a new set of coaches, Rick Hartzell and Steve Tritapoo. We lost 5 of our seniors this year, we were sad to see them go. The team said that they hope to gain more players in the coming year. It wasn't the best year that the softball team has had but they still had a ton of fun while doing it! They spent many evenings at Stillwell Park and Green Bank Field giving it their all. No matter the out come of the game the team kept their head up, brushed it off, and got ready for the next game.

Track

Boys and girls track and field team had an outstanding season along with a few changes. This year Coach Knisely left before track started, so that made Coach Wiley the boys and girls coach. So that happening, it pulled the two teams together and made one big team. After about three meets, they hired Coach Barb to help Ms. Wiley finish out the season. Coach Barb was tremendous to the team and really worked with the field team and really had some amazing outcomes!

Again this year both boys and girls made it to states. At the last regular meet of the season, sophomore Fredricah Gardner broke the school record in Discus with 97 feet. Without the hard work, motivation, and dedication of Coach Wiley and Coach Barb, the teams couldn't have made it as far as they did.

Additional Activities

This year was an exciting year for the students at P.C.H.S. The theme for this year's spirit week was *Wild With Pride*, during this week there were dress-up days like: Camo Day, Gender Swap Day, and many other interesting themes. Along with spirit week the students also enjoyed many assemblies. The assemblies included: No Texting and Driving Assembly, a presentation from General Robert E. Lee, an assembly on Cyberbullying. Another activity that the students enjoyed was the elf auction to raise money for Project Christmas.

One of the assemblies for no BIFs was the A.Y.P. assembly. The students got to eat ice cream. Sheriff Jonese came in and talked to some students about the dangers of drug abuse and how it can affect your body. He also brought in two girls to talk to the students about how they did drugs and told them how they got help to get off of them. Ms.Boothe's Project Christmas Club held a successful elf auction this year. The money from the auction funded the efforts of Project Christmas. Another fun event that happened this year was Sadie Hawkins Day where the students got to compete in relays against other classes. Our students also got to show off their talent during the talent show, which was very successful this year.

Steven Halterman and Chelsea Walker try to save a lifesaver.

Mr. Sheets helps Mr. Sanders auction off his West Virginia basket at the elf auction.

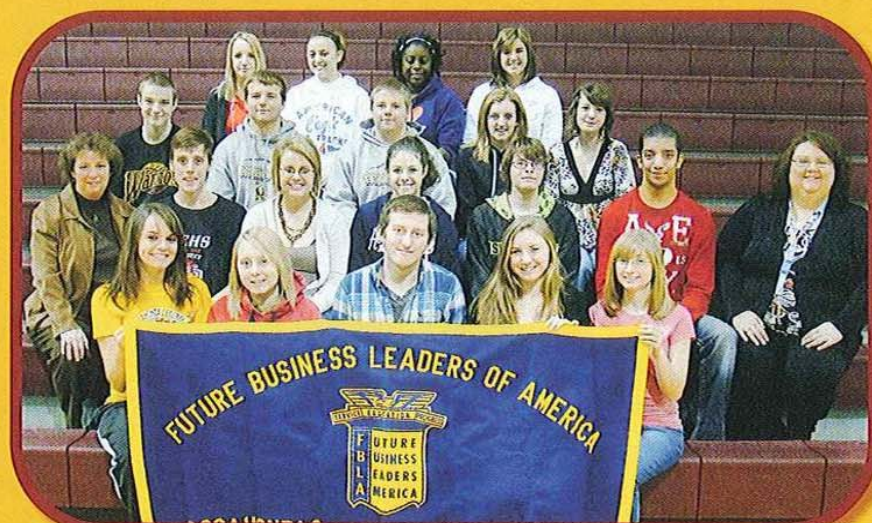

Ryan Turbyfill shows off his rapping skills at the school talent show.

GOALS

SUCCESS

SCHOLARSHIPS

Awards and Banquets

With a full year of success, it was time the students at PCHS were recognized for their accomplishments and hard work throughout the year. The first banquet held was the FFA banquet where FFA officers were installed and the Greenhand awards were presented along with countless other awards for FFA members. Next was the athletic banquet; here coaches showed their appreciation for their athletes, and also awards like Athlete of the Year Award were given to the recipients. Next was senior award night, sponsored by countless businesses and the National Honor Society. The graduating class brought in approximately 6 million dollars in scholarships for their next four years of further education, including the military. It was a joy to see that so many of our students were looking to a bright future.

Caleb Walkup was recognized for his achievements in being accepted to West Point Academy.

Chloe Bland was happy that she received the Coalfield Conference athlete of the year award.

Callie Morrison also received a check to attend D&E.

G: Clair Mosesso (FFA Officer) gives a speech at their annual banquet.

H: Curtis Pyles smiles with his William Dilley Track Scholarship.

I: Jed Sheets, his family, and Mr. Sanders with his scholarship check to D&E, where he is going to continue his basketball dreams.

J: Erin White was happy to receive sportsmanship awards.

CLASS of 2012

Remember
When!!

Presents the Class of 2012 in 2022 . . .

Congrats Seniors!

Ten-Year Predictions

Tristan Akers-I would be working at a veterinary office as a vet assistant.
Matthew Alderman-In ten years...I will still be in the Air Force, stationed somewhere in the world!
Lyndsey Barlow-Living in a nice cozy house, having everything I want, and getting waited on hand and foot by my lucky husband.
Santana Beck-In 10 years, I will be a college drop-out, living with my best-friend; bumming off them and being an habitual alcoholic. Either that or chillin' under-cover in another county, with loads of money from robbing a bank.
Chloe Bland-I will be out of school, working at my dream job, married to the love of my life, and living life to the fullest.
Tiffany Cassell-Being successful in whatever I do, enjoying life and living it to the fullest.
Zach Cassell-Chillin'
Summer Chestnut-In ten years, I will have my nursing degree from Davis and Elkins College, working towards my master's degree in nursing, and married to the love of my life.
Garrett Clark-In ten years I see myself moving to Australia and starting an alligator farm and making Gator skin boots.
Jared Clendenen-In ten years I see myself working as a Paramedic in the state of West Virginia.
Makinsey Cochran- I will be rich as a graphic designer, traveling the world.
Brandon Gloschen-Military
Hunter Grimes-I will have graduated from Fairmont State and will have a degree in Health Science. I will be a nutritionist in Morgantown or Washington D.C.
Olivia Goslyn-In ten years, I will be married to a hot cowboy, living on a horse ranch with one of my best friends, Trista, and driving a danger ranger just like T.J. Dean! Then Amber D and Me will have our own logging company.
Glen Hefner-In ten years, I'll be halfway to retirement.
Samantha Hefner-In 10 years I will be traveling the world getting my 3rd out of 6 college degrees, saying, "Thank God I left Pocahontas County."
Austin Holmes-I think ten years from now I will be rich. I will also have a great-looking wife and kids.
Dillon Hovorka-Hopefully I'll be out of college doing what I want to do.
Sara Jonese-I'm not sure where I'll be or what I'll be doing...but I'm pretty sure I won't be here and whatever it is I'll be doing is going to be CRAZY!
Amelia Kinnison-In 10 years I'll be married and living in North Carolina getting collect calls from Kaitlin Warf at TVRJ with a phone bill that cost more than my home.
Miranda McNabb-In ten years I will be living somewhere other than Pocahontas County and living a successful, happy life.
Callie Morrison-In ten years I will be an RN, raising our child, planning to have one more, and spending the rest of my life with Josh Lambert.
Rosie Perkins-In 10 years I hope to have my degree in Veterinary and working in Houston or Fort Worth, Texas.
Curtis Pyles-In 10 years I plan on being in the Army with my masters degree in teaching.
Trista Robinson-In ten years Olivia and I will be dumber than what we were in high school.
Ricky Shinaberry-I will have my associates degree in nursing from Davis and Elkins College. I will be working in a hospital doing what I love to do most.
Stephen Shoemaker-In 10 years, hopefully I'll have a family, place of my own, and a good job.
Brandon Smith-In ten years I would hope to be working a good paying job, living in my house with my family, a few dogs and owning a nice ride.
Lindsey Stone-I will have my RN nursing degree and moving out of P.C.
Rachel Sutley-In ten years I want to be happy with what I do and what I have.
Jesse Taylor-I will hopefully be graduated from college with a masters degree, and be making a butt load of money.
Stephanie Turner- In ten years I think I'll be working in a hospital, married to a guy who is very successful, with one lil girl named Americus Nicole.
Michaela Tuttle-In ten years, I'll be doing the things that everyone said I couldn't do, I'll be the person that everyone said I couldn't be. I'll be married and working as a veterinarian.
Chelsea Walker-In 10 years, I will be a graduate of WVU and pursuing my dreams, far away from Pocahontas County.
Dalton Walker- I will be running my own construction business.
Erin White-In 10 years I'll be wherever my life has taken me.
Dawn Wickham-Ten years from now I plan on being successful in the career that I choose.
Shyenne Wimer-Definitely not married, working as a successful ultrasound technician/sonographer, barefoot and crazy, and living life to the absolute fullest.
